

It's Over Over There, Put It Over Over Here This Week

WILL YOU ALLOW SANTA ANA TO BE CLASSED AS SLACKER?

SEA FLIGHT IS HALTED TO MAKE REPAIRS

Navy Planes Likely to "Hop Off" at Halifax Early Tomorrow Morning

DISABLED MACHINE LANDS AT CHATHAM

Engine Trouble Forces Delay But N. C. 4 Expects to Join Other "Ships"

WASHINGTON, May 9.—The Trans-Atlantic seaplanes will leave Halifax tomorrow probably in the morning for New Foundland on the second leg of the trans-Atlantic flight, a radio-gram to the Navy department from Commander Towers announced today.

The planes are being held at Halifax for minor repairs which Commander Towers said would not necessarily prevent a start today but that he preferred to take a little more time.

The seaplane NC-4, which became disabled while flying from Rockaway Beach to Halifax, landed at the naval air station at Chatham, Mass., at 5:15 this morning.

The NC-4 was forced to turn back on account of engine trouble, it was stated by navy officials. The plane landed to make minor repairs, after which it will sail for Rockaway Beach, N. Y., where permanent repairs will be completed.

According to plans, the plane will make another start from Rockaway Beach as soon as repairs are made. If it lands before the NC-3 and the NC-1 "hop off" on the long journey across the Atlantic, it will join in the flight. Should the plane arrive after the others have started, it was said that no attempt will be made to follow them.

The crew of the NC-4 were feeling fit when the big plane glided to the surface of Chatham harbor just as the first streaks of dawn appeared in the east. A good landing was made and the crew was soon quartered at the naval air station. The machine carried food and water and the crew did not suffer for lack of these necessities.

TWO PLANES NEARLY READY TO RESUME LONG JOURNEY

HALIFAX, N. S., May 9.—The NC-3 and NC-1, successful planes in the flight here from Rockaway Beach, N. Y., are about ready to leave here on the second leg of their overseas flight for Trepansey Bay.

The NC-1 and NC-3 took on enough gasoline to carry them to Trepansey Bay immediately on their arrival here. They were supplied from the cruiser Baltimore, which was waiting for them in the harbor. Commander Towers, chief of the expedition, led his men aboard the Baltimore, where they had dinner and went to bed. All were very tired.

Arrival of the craft was the signal for a great turnout of Halifax residents and a noisy welcome from harbor boats. Whistles on shore and in the harbor shrieked and the crowd cheered as the NC-3, leading, flashed into view and took the water with a cloud of spray. She alighted in the harbor mouth of McNab Island at 7:58 o'clock (Halifax time), nine hours after the start from Rockaway.

Ten minutes later the second plane came into view and made the same route to Eastern Bay. Both planes came into the harbor in the face of a strong wind.

Airmen of South Will Ask to Fly Over the Pacific

LOS ANGELES, May 9.—A flight to Hawaii by United States army or navy airplanes has been proposed, it was learned here today.

Rockwell Field and North Island aviators, anxious to equal the feat of their Atlantic coast comrades who have started a trans-Atlantic flight, are "arin' to go."

They want to start from some California coast point and make the distance to Honolulu in a pair of jumps which would include a stop at some mid-Pacific island. From Honolulu, many believe, it would not be difficult to reach the other side of the Pacific, as many islands of the South Seas would be available as "service stations."

Major Jefferson Davis of the army air service, is deeply interested in the plan, and it is understood he will lay it before Major General Kenly of the air service within a few days. Kenly is in San Francisco.

BULLETINS

NEW YORK, May 9.—Thirty-six cars oranges and three cars lemons sold. Orange market is 10c to 20c higher. Averages from \$3.43 to \$6.16. Highest price, Golden Cross, \$6.95. Lemon market is steady. Averages \$4.37 to \$5.10. Weather, rain; at 8 a. m., temperature, 53 degrees.

NOGALES, Ariz., May 9.—Villa bandits raided Cananea, Mexico, at daybreak this morning, according to word received here at noon today. Sixty thousand dollars taken from a bank owned by J. M. Gibbs, American consular agent at Cananea, was the chief loot. The three principal stores were sacked. The commander of the band is not known. Details are meager but indicated that no Americans had been killed.

ST. LOUIS, May 9.—Chicago will be the next meeting place of the American Legion, the organization of soldiers, sailors and marines who fought in the war. The convention committee decided today to hold the national convention there November 11, 12 and 13. Soldiers will put up a fight before congress for six months pay to supplant the present grant of \$60, it was indicated.

PARIS, May 9.—The Big Four today ordered the drafting of the Austrian treaty started. The boundary question has been practically settled, it was learned. The responsibility portion of the treaty is similar to that in the German treaty with the exception of the political aspect.

WASHINGTON, May 9.—Senator Borah of Idaho today publicly announced that if the Republican party, "surrenders" on the League of Nations he will "furnigate" himself and "get out." Borah made his statement in a letter to James T. Williams, publisher of a Boston paper.

SAN FRANCISCO, May 9.—Deferred effort by loan workers all over the Twelfth Federal Reserve district brought the district Victory Loan subscriptions up to \$159,358,300, the campaign headquarters announced at noon. Southern California has subscribed \$23,287,200 and Northern California \$39,242,100.

MOTOR PLANT CLOSED ON ACCOUNT OF FIGHT

TOLEDO, Ohio, May 9.—The Willows Overland plant was closed today as the result of a fight late yesterday between some of the 10,000 strikers who walked out last week and the men who remained at work.

The company posted a bulletin saying the plant was closed for an indefinite period "because of lack of police protection."

TREATY DENOUNCED BY BRITISH LABOR BODY

LONDON, May 9.—The independent labor party today made public the following resolution regarding the German peace treaty:

"We strongly denounce the document as a misnamed peace treaty. The terms violate the conditions of the armistice and are opposed to every public statement of Allied aims, exposing the real aim of smashing Germany politically and economically and involving the impoverishment and economic ruin of Europe. The treaty does not end militarism."

EXPERTS ARE CALLED IN AUSTRIA'S TREATY

New Peace Pact Will Be Ready For Enemy Soon; Nearly Completed

BELGIANS DON'T LIKE EAST AFRICA RULING

Oscar Strauss Says Plan to Protect France, Help to League of Nations

PARIS, May 9.—Work on the Austrian peace treaty is nearing completion, it was learned today.

The "Big Four" called in its economic and reparations experts to go over final details of that section of the pact.

Aside from dissatisfaction with the apportionment of mandates over former German territories on the part of some of the allies the German treaty apparently meets with full approval of the allied delegates themselves.

The Belgians have filed a protest with the "Big Four" against awarding the British mandatory power over German East Africa because of the important part played by the Belgians in those parts. Reports have been circulated that the Italians resent being entirely cut off from mandates.

Oscar Strauss, international law authority, was asked for an opinion on the proposed agreement by the United States and Great Britain to aid France in case she is attacked by Germany.

"Contrary to weakening it, such an agreement strengthens the League of Nations, being an example of the abolition of secret treaties," said Strauss.

"It is necessary, just like the Monroe Doctrine, due to the peculiar conditions of the country most directly concerned. France is the greatest sufferer from the war. Most likely she would again be the worst if Germany attacked the world. It is complete vindication of the league's principles."

COUNT CAROLYI TAKES JOB

PARIS, May 9.—The Agency Radio today published a dispatch from Sibiu, Transylvania, reporting that Count Karolyi, former Hungarian premier, has accepted employment in the foreign office of the Hungarian soviet republic under Bela Kun at a small salary.

15 REPORTED KILLED BY STORM IN TEXAS

HOUSTON, Tex., May 9.—Reports received here from the lower Rio Grande valley declare at least fifteen persons were killed Wednesday night in one of the worst storms in years in that district.

Near Mission, Texas, six were killed and one seriously injured when a shed was blown down. The dead are reported to be mostly Mexicans. J. L. Vick, an American, and his two small boys were killed. Mrs. Vick was dangerously injured.

Meager reports said the damage was estimated at \$125,000.

BLOODHOUNDS AFTER SLAYER

ANKENY, Iowa, May 9.—Bloodhounds were being used today to trail the man who last night murdered and attacked Mrs. Fred T. Coppock, 57, three miles southeast of here. Three bullets entered the woman's body, two in the right arm and one in the back.

ONE YEAR AGO TODAY

GERMANS break Allied front in heavy attacks in Ypres sector. Huns strike quickly with infantry and artillery along the Somme River.

ENVOYS TOLD TO DEMAND ARGUMENT BY HUNS

Scheidemann Says Government Instructed Men to Offer Proposals

SELFISHNESS BLINDS ALLIES HE DECLARES

Chancellor In Speech Says Terms Will Be Examined With Good Will

BERLIN, May 9.—"The government has instructed its delegates to make counter proposals and claim the right of oral discussion," declared Chancellor Scheidemann in a speech.

"We are dealing with an enemy blinded by selfish policies," he added. Referring to President Wilson's fourteen points Scheidemann asked:

"What becomes of the exchange of guarantees mentioned in the fourth point? Despite Wilson's fifth point Germany loses her colonies and rights in Africa."

"Count Brockdorff-Rantzau faithfully interpreted the feeling of the empire and the government," continued Scheidemann, "when he said that we will examine the terms with good will. The government earnestly wishes a just peace."

He charged the Allies with being "blinded by selfish policies."

"Forsailles today represents the deepest point in the fall of Germany," he said. "Yes or No" can lead us lower until we face utter annihilation, with no hope of getting up. If the collateral conditions are in the same spirit as in the main conditions, we will face the tomb of the German people."

BERLIN PRESS BITTER IN ITS PEACE TERMS DENUNCIATION

BERLIN, May 9.—The Berlin press was unanimously bitter today in denunciation of the peace terms, an official outline of which was published.

"Acceptance means poverty, hunger and slavery," said the Tages Zeitung. "The terms could not be worse."

"Wilson's fourteen points are invisible," observed the Tagliche Rundschau. "The most humiliating point is the demand for the kaiser's surrender."

"The treaty oversteps the blackest expectations," according to the Tageblatt. "The delegation must do its utmost to change the terms."

"The entente, which through Wilson prated of justice and rights of peoples, is unmasked," declared the Vorwaertz. "We may be forced to sign through fear of hunger, but we will refuse inwardly. We must trust the international proletariat to bring real peace."

"Compared with the Brest-Litovsk treaty, the terms are moderate," said the radical Freiheit. "But several parts are in violation of Wilson's fourteen points."

MUST ANSWER YES OR NO, ASSERTS GERMAN DELEGATE

BERNE, May 9.—The Versailles correspondent of the Berlin Tages Zeitung, interviewing the German peace delegates, quotes Herr Gissberts as saying:

"We must make peace with Russia and invite Russian troops into Germany."

Herr Landsberg is quoted by the correspondent as follows:

"The terms are beyond the most pessimistic forecasts. After our observations the only alternative for us will be for us to answer yes or no."

EXPECT LITTLE OPPOSITION

PARIS, May 9.—Members of the American peace commission, informally discussing submission of the German treaty to the Senate, predicted today there would be no more than 12 votes in opposition.

WILL TRANSFER POWER

WASHINGTON, May 9.—The Omsk government in Russia will transfer all its power to a government chosen by the constituent assembly as soon as Russia is cleared of Bolshevism, according to a statement issued today by S. Ughet, charge d'affaires at the Russian embassy here.

What Will You Say If Loan is Failure?

THERE may be some who have been holding off with their bond purchases, and others who have been unable to decide whether or not they would be subscribers in the Victory Loan.

To them, and to any whose subscription has not been what it should have been, this appeal is directed.

Your assistance is needed. The honor of the city and county is at stake.

It is a long way to the top, and if you hang back and fail to do your share, who is to blame if we fail?

Certainly it will not be the loyal men and women who have been giving their time and efforts to the campaign, for if ever men and women tried to put a thing over they have tried. They are doing their very best. Really, their duty was done when they themselves bought all of the bonds they could afford.

It is no more their duty to put in days and weeks trying to get other people to buy bonds than it is yours, but they have accepted the work placed upon them. Up to the very last minute they will do their best to put Orange County and Santa Ana where they belong on the Victory Loan list.

Again, if there is failure, whose fault will it be?

It will be yours. It will be you who will feel a qualm of conscience every time you look a soldier in the face.

Your help is needed. Hesitate no longer. Make sure you have bought as many bonds as you ought to buy.

Put yourself right with your conscience.

The campaign ends tomorrow night. Today or tomorrow, you have the opportunity to square yourself with those loyal sons of the Stars and Stripes who crossed the mine-laden seas for you, who gave up one or two of the best years of their life for you. They suffered for you, and fought for you.

It is your last opportunity to square yourself with those patriots who died for you.

WOMAN MAY BE JUMP IN PRICE NAMED HEAD OF SCHOOL OF STEEL IS EXPECTED

LOS ANGELES, May 9.—Mrs. Jane C. Byrd, now vice principal of the Santa Barbara high school and a leader in educational work, may be the next head of the Ventura State School for Girls.

It was stated on good authority today she had been offered the appointment by Governor W. D. Stephens, to succeed Mrs. G. M. Weymann, who has resigned.

Los Angeles Teachers To Do 'Something Rash' If Pay Is Not Raised

LOS ANGELES, May 9.—Los Angeles opened its eyes today and wondered if a teachers' strike really is threatening.

Miss W. Von de Goorberg, president of the City Teachers' Association, startled the board of education and the public with a statement that "something rash" may be done if teachers' salaries are not raised immediately.

"There is great unrest among the teachers," she declared. "Greater unrest than is found among any other group of people, and unless something is done at once, the teachers will do something rash. I don't know what rash act they will commit but conditions are at the breaking point now."

ST. LOUIS DISTRICT OVER TOP WITH LOAN

WASHINGTON, May 9.—The St. Louis federal reserve district has "finished the job" in the Victory Loan campaign. Subscriptions totalling \$195,104,000 have been reported by the district to the treasury. Officials believe St. Louis is the first district to obtain its quota.

Prior to loan celebrations throughout the country last night the treasury department showed a total subscribed of \$2,901,196,000, or only 56.21 per cent of the sales the government asks. More than \$840,000,000 must be raised today and tomorrow.

SMUGGLERS KILL GUARD

LAREDO, Tex., May 9.—Immigration Inspector Charles Hopkins was killed and two other inspectors seriously wounded last night in a fight between Mexican smugglers and the United States immigration and customs officials here.

DRIVE NEAR END, QUOTA BUT HALF PLEDGED

City Showing White Feather In Helping Care For Men Who Braved Death

WOMEN'S HONOR CLUB BECOMES MORE ACTIVE

Headquarters Will Be Kept Open Till 9 Tonight and Tomorrow

CAPT. HOLDERMAN and Lieut. Col. Whitlesey didn't show the white feather when the Lost Battalion was ordered to surrender in the Argonne forest.

They even removed white posts that marked their location for airplane observers when that note asking surrender was sent to them.

It was on the 7th day of October that the Germans around the Los Battalion sent a characteristic note to Major Whitlesey, who since has been made a Lieut. Colonel. They "appealed to his humane sentiments" to surrender.

The major read the note, passed it on to Capt. McMurry, who passed it on to Capt. Holderman. They looked at each other and smiled. Two white panels had been spread on the ground to show the battalion's position to airplanes. Major Whitlesey took them in. Nothing white should show on that hillside. And among the men, soldiers too weak to stand on their feet raised up on their elbows and cried, "Come over and get us!"

Santa Ana is showing the white feather—she is going back on those boys who made the supreme sacrifice, on those wounded boys who will have to be reconstructed to save them from becoming paupers and on those gallant lads who still are overseas bearing burdens that seem almost unbearable—burdens that have to do with homesickness, burdens incident to nothing to do but sit tight and wait for the time when they will receive orders to return to the country and home that is so dear to them.

At the close of the banks last night, subscriptions in Santa Ana showed 55.6 per cent of the quota. What a condition to confront with the campaign close only two days away.

Santa Ana Slacker City? Can it be possible that the home people haven't pride enough in their city to save it from this disgrace? It is no consolation to say that the city will have plenty of company—it may have and it may not.

The duty of the hour is to save Santa Ana.

The Women's Honor Club members today became more active than ever—the people have not supported them in the manner it was thought they would and there is little probability of the quota being subscribed at the close of business tonight.

Liberty Loan headquarters will be kept open until 9 o'clock tonight, and also tomorrow night. Banks of the city will be kept open tomorrow night from 7 to 9 o'clock.

Mrs. E. A. Biggs, who resides at 409 South Birch, has hit upon a new idea—a neighborhood club. She organized a neighborhood \$50 club with fourteen units and filled it at once, as follows: Mrs. Iva Dale, H. H. Dale, Jr., Ernest Crozier Phillips, Martha Irene Draper, Mrs. Sallie D. Hall (2), Father Emmelen, Elmer A. Biggs, J. S. Runyan (3), Lena G. Hewitt, Mrs. Dora G. Webb (2).

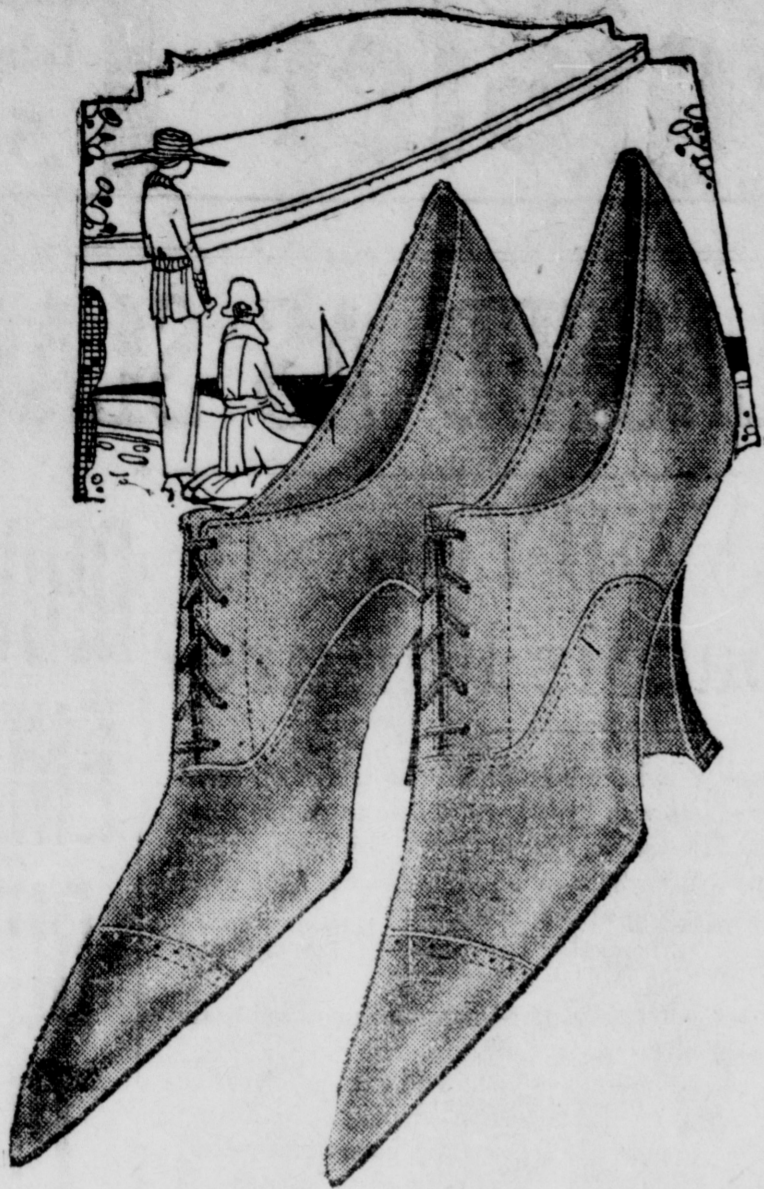

Go Thou and Do Likewise

There's an opportunity for other women to be of assistance in helping Santa Ana over on the last day.

The "moppers up" committee and the boy scouts are skrimishing hard for subscriptions in frantic efforts to save the honor of the city at the last moment.

The directors of the Orange County Automobile Club last night voted in favor of the purchase of \$5000 worth of bonds. It was decided that \$3000 would be subscribed through

ARNOTT SUFFERED FOR THIRTY YEARS

"Nothing On Earth Like Tanlac," He Says—Troubles Overcome

"Well, sir, a neighbor of mine put me onto this Tanlac a few weeks ago, and it's the finest thing I have ever run across in the sixty-seven years of my life," declared Thomas F. Arnott, of 124 South Ray St., Spokane while in Murgittroy's Drug Store recently.

"I have suffered for thirty years," he continued, "with a bad stomach and other troubles and spent a large part of what I made for treatment and medicines, but never did get any better until I began taking Tanlac. Everything I would eat hurt me and the gas on my stomach would rise up into my chest and cut my breath short. Sometimes my heart would beat so hard and fast that I would just have to gasp for breath. I was uneasy all the time for fear I had heart trouble. I would have blind, dizzy spells when I could hardly stand on my feet. I also suffered with headaches and simply felt played out nearly all the time."

"I can now eat what I want without it hurting me for the first time in thirty years, and since my food digests and the gas has stopped forming on my stomach I don't have any more trouble with palpitation and shortness of breath. Why, before I took Tanlac the least exercise would completely tire me out, but now I can walk or work all day long and feel none the worse from it. I guess I have taken a barrel of medicines of different kinds and lived on a diet, almost starving myself, trying to get rid of my trouble, but I suffered just the same until I got Tanlac. So I know what Tanlac has done for me and I appreciate it enough to tell everybody about it. In my opinion there's nothing on earth like it."

Tanlac is sold in Santa Ana by Rowley Drug Co., in Fullerton by G. W. Finch, in La Habra by R. H. Hilbert, in Huntington Beach by Rigdon's Pharmacy, in Orange by Dittmer's Mission Pharmacy, in Placentia by A. J. Robinson, in Tustin by Tustin Drug Co., in Brea by Brea Pharmacy, in Buena Park by Regal Drug Co., and in Garden Grove by O. H. Anderson.—Adv.

SANTA ANA LOAN QUOTA IS FAR DISTANT

City Likely to Land Among Slackers Unless Great Effort Is Made

(Continued from Page One)

Santa Ana and \$1000 each through Orange and Anaheim.

County In Better Shape

The county's percentage of its loan subscribed is 70 per cent. That looks better than Santa Ana's position. It has been made possible for the county to make this showing by other communities oversubscribing their quotas.

Santa Ana, the metropolis of Orange county, is showing the white feather. Dig in tomorrow and change the color. It is the last day.

Trot out the rust dollars and get them in circulation.

The true American spirit was shown today by Mrs. Lulu Anderson of this city. She is a Salvation Army woman. She earns her money by hard work. She has not been able to accumulate enough even to buy a \$50 bond. She wants one and she is going to have it.

She is going to pay for it by the week—a dollar a week saved from her earnings. She told her story today to Jack Wallace—did he know how she could buy a bond on a dollar a week payments.

Alex Brownridge, cashier of the Farmers and Merchants Savings Bank, took her application and made arrangements whereby she could buy under the weekly payments policy. It will take her a year to pay for that bond. Aren't there hundreds of others in the city who could do the same thing with less sacrifice than this woman?

Money in Bank

Here are the subscriptions banked in this district:

	Quota.	Sub.
First Nat. Bank...	\$744,950	\$373,405
Orange Co. Bank...	159,950	99,100
Calif. Nat. Bank...	98,300	69,650
Home Savings	68,850	62,900

Total \$1,072,050 \$606,100
Here is how the various cities and towns of the county stand:

Town	Quota.	Sub.
Anaheim	\$267,100	\$213,200
Brea	16,000	36,000

Spokane, Wash.—"I had scrofulous sores on my body and limbs and boils were always coming out in different places. I took treatment from several doctors but they did me no good. At last I began using Dr. Pierce's Golden Medical Discovery for my blood. When I had taken three bottles of it the sores were all healed and I have not been troubled any more with boils."—U. S. Fuson, S. 110 Ivory St.

WHY THE PEOPLE SHOULD BUY U. S. BONDS

School Children Present Reasons Why Victory Loan Should Be Supported

"Why the People Should Buy the Victory Loan Bonds."

This was the subject assigned to the pupils of Orange county schools for prize essays, and hundreds of well written articles were received by the Liberty Loan Committee.

The essay winning the first county prize has been printed in the Register. Following are the second and third prize winners in the county and the first prize winner at Spurgeon school, this city:

FIRST PRIZE

BY BEVERLY TRICKEY
(Fourth Grade, Spurgeon School)

It is the right thing to buy the Victory Loan because Uncle Sam has to pay his debts.

We should lend Uncle Sam the money to pay them.

He has bought many things, such as aeroplanes, bombs, ships, submarines, horses, lumber, railroads, cannons, automobiles, and everything they used in the war.

They had to build hospitals to take care of the sick and wounded men.

Many men have given up their work to go to war, and have come back wounded and sick.

We have to lend the money to pay the men for fighting and to go back to their homes and get work again.

By winning the war quickly, we saved lots of money.

Are we not lucky to be saved from spending more?

If the war had kept on, it would have cost much more money.

There are things that have cost thousands of dollars, and are not paid for.

Shall we allow our flag to be the flag of a nation that does not pay its debts?

Old Glory was never beaten in a war and we must not go back on it now, for other countries trust the United States more than any country.

We must get back our trade with other places and find jobs for our soldiers.

SECOND PRIZE

BY ROBERT VAILE
(8th Grade, Intermediate, Santa Ana)

During the war your cry was, "Victory at any price!" You got victory at a great price. You are now asked to stand by your pledge. When you told Uncle Sam to spend, spend, spend, you were thinking in terms of precious lives, and arms, and legs, and eyes.

Do you not feel it a joyful duty to pay for this precious saving resulting from the early victory?

One million men are still overseas. From this, you see that war expenses are still going on. Three million men are yet to receive sixty dollars over and above their pay. You must foot these bills.

The eyes of the world are turned toward our nation at this time. The honor of a nation consists of the collective honor of the individuals that compose it.

Now, let us take the Victory Loan as an investment. For the money-minded, it offers fair returns on gilt-edge security. For those higher-minded, it is an investment in human life and efficiency. In a larger sense, it is an investment in the honor of the nation. In the largest sense, it is an investment in world-inspiration. If rich America should fail in its response to the Victory Loan, the waiting world, hope gone, would crumble and fall under the awful burden of debt.

WILL YOU HELP?

THIRD PRIZE

BY HELEN COSTELLO
(Eighth Grade, Yorba School)

The Victory Loan drive commences on April the twenty-first and we must all loan our money to the Government so that we may pay for all the things that were purchased and intended for the war. Seven billion dollars is the amount asked, which is only about twenty per cent of what would have been asked had the conflict lasted longer.

There are one million men in France who must be brought back to their homes. You may have a brother or a cousin on foreign soil who is anxious to get back home to the loved ones. If we all help the Government, all our men will soon be coming home. There are about three million men who are to get sixty dollars each. For all these purposes and others we need money.

It is true that we are also to pay for material that was not used, but even so, it served a purpose. Had we not made such extensive preparations and thereby frightened the Germans, the war would have lasted longer and that would have meant the sacrifice of one or two hundred thousand men.

Therefore it is truly a Victory Loan, because we are paying for what brought victory.

It is well for us to keep in mind what our soldiers gave, for a victory that gives liberty when we are called upon to make a loan. Their sacrifices were many, as we well know, and yet they gave willingly.

If we do this I am sure we will loan not a little but just as much as we possibly can and make this the best loan of all.

BETTER BISCUITS

Light, tasty, flaky biscuits, you never saw or tasted the like of them—so delicious that the folks will demand biscuits twice to where they ask for them once now, when the leavener is

CALUMET BAKING POWDER

"BEST BY TEST"

—a baking powder that makes it possible to be truly American in Baking Economy. There is no loss—no spoiled bakings—no re-bakings. It never loses its wonderful leavening strength—never varies.

Calumet is the world's biggest selling Baking Powder because it has proved to the world's housewives that it is the most dependable and economical. Used in the U. S. Army and Navy. A product of the largest, finest, most sanitary baking powder factory in existence. Try it. Have greater baking success, more delicious and wholesome foods.

CALUMET BISCUITS

- 3 Level cups flour
- 3 Level teaspoonsful Calumet Baking Powder
- 1 Level teaspoonful salt
- 3 Level tablespoonsful shortening
- 1½ Cups milk or water

This is positively one of the best biscuit recipes ever formulated. Cut out and paste in your recipe book for future reference.

A Word of Warning Worth Listening To

When you buy a pound of Calumet you get a full pound—16 oz. Some high priced baking powders are now being put on the market in 12-oz. cans instead of a pound. Be sure you are getting a pound when you want it. No short weights with Calumet.

How to Make Them— Sift all dry ingredients together. Then work in shortening thoroughly. Next add cold milk or water, mixing to a soft dough. Turn dough on floured board and roll out lightly till one-half inch thick. Cut into biscuits and lay in baking pan. Let stand for five minutes; then bake in hot oven.

MONEY SENT FOR PHONOGRAPH PURCHASE

Funds Raised In Slacker Record Drive Forwarded to San Diego

Mrs. A. J. Padgham, who had charge of the "slacker record drive" here, yesterday forwarded \$29.57 left in the cash donations fund to the War Camp Community Service at San Diego, at the request of Mrs. W. A. Crane. The money is to be used in the purchase of a phonograph for the U.S.S. Minneapolis, now in the harbor.

Mrs. Padgham has also been active in getting oranges and beads for the men in the army hospital at Camp Kearny, and the following acknowledgement from O. H. Johnson, associate representative of the War Camp Community Service, has just been received.

"Oranges are already arriving for the men. These are certainly very thoroughly appreciated. We are writing acknowledgement to the individuals who are sending these oranges.

"In regard to the beads you have sent us: they were sent to camp with Mr. Pendleton, who took them direct to Major Saxon, at the education building. The major opened the packages as though they were Christmas gifts and remarked that the senders were taking the place of Santa Claus.

"These beads were just what was needed at this time. In order to give you a snapshot of the amount of beads used, we mention that not long ago beads to the amount of \$76 were purchased, and that they lasted only a few days. From this you can judge as to the feeling of gratitude with which your contributions were received.

"We wish it might be possible to thank each one who contributed, as well as to thank you; but if such is impossible, we wish to emphasize the thanks to you. As you know, too much cannot be done to cheer the men and aid them in their efforts to make the most of their time and opportunities. They appreciate it all."

The wounded men in the hospital used beads to make various articles, the work being for the purpose of developing muscles that have been injured through wounds and to give the men something to do and take their minds off of the condition. Beads left at the Chamber of Commerce will be forwarded to the hospital under the supervision of Mrs. Padgham.

PAUL J. HALLICY AND MISS MADDOCK WED

HUNTINGTON BEACH, May 9.—A wedding of much interest to Huntington Beach friends was solemnized Tuesday morning at 8 o'clock at St. Anthony's Catholic church, Long Beach. The ceremony that united Paul J. Hallicy and Miss Florence Maddock was performed by the Rev. James A. Reardon. The couple were attended by Raymond Shulte and Miss Margaret Hallicy, sister of the groom. The bride was attired in a white tailored suit with a large picture hat and carried Cecile Brunner roses and maidenhair fern. Her bridesmaid was gowned in white crepe de chine with large hat of georgette crepe and carried the same flowers. The groom and best man were in conventional blue. The bride proceeded by her attendant came down the aisle to the strains of the Mendelssohn Wedding march and was met at the altar by the groom and his attendant, where their vows were exchanged.

Wedding breakfast was served at the home of the bride's parents. After a two-weeks' camping trip, the happy couple will make their home in Huntington Beach. The groom is the son of Mr. and Mrs. P. W. Hallicy and the bride the daughter of Mr. and Mrs. L. J. Maddock. Mr. Hallicy is the storekeeper for the Holly sugar factory and his bride was one of the stenographers.

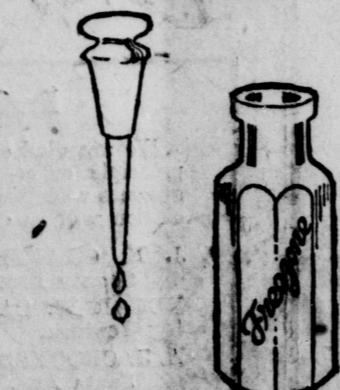

Order a gallon or brick of Taylor's Ice Cream for Sunday dinner.

LIFT OFF CORNS

IT DOESN'T HURT

Get rid of every corn and callus for few cents

Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. It doesn't pain one bit. Yes, magic! Why wait? Your druggist sells a tiny bottle of Freezone for a few cents, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and calluses, without soreness or irritation. Freezone is the much talked of ether discovery of a Cincinnati genius.—Adv.

Distinctive!

If we say that our clothes are distinctive, we say the same thing that thousands of other clothiers have said. It is a word that is much over-wrought and in most cases means nothing.

But we mean a lot when we say that Kuppenheimer Clothes are "distinctive." We mean that they have elements of style, definite refinements of tailoring and precise fabric qualities that distinguish them from other clothes—characteristics that set the precedence for clothing value.

Kuppenheimer Clothes have those distinctive qualities of fine wear that impart their distinction to you. They do not assert themselves blatantly but draw attention to the individual rather than to his attire.

Hill & Carden

"The House of Kuppenheimer Clothes."

U. OF C. SUMMER TEACHERS ARE ANNOUNCED

Many Southern Californians Are Engaged For Work During Session

LOS ANGELES, May 9.—In the two summer sessions of the University of California to be held from June 30 till August 9, many of the scholars of Southern California will serve upon the faculties. Some will go to Berkeley and lecture on the campus of the State University, others will teach in the Los Angeles State Normal School, the site of the summer session in Los Angeles.

In the latter summer session the list of Southern Californians is of particular interest. From the faculty of the Normal School have been named President Ernest Carroll Moore and Dr. John M. Brewer. The library of the session will be under the charge of Miss Elizabeth H. Fargo, Phillips, assistant librarian, both of the Normal School.

The Los Angeles High School and Junior College will be represented in the summer session in Los Angeles by its dean, Dr. Walter A. Edwards of the Latin department, and Mr. Everett C. Stanton of the Physics department.

In Agriculture John B. Cocoran of the Manual Arts High School has been selected. Mr. Louis W. Curtis, head of the Department of Music in Lincoln High School, Los Angeles, will also teach in the southern session. Hollywood High School and Junior College will send Carl W. Gray, head of the Chemistry department.

Occidental College is represented by Professor John C. Shedd of the Physics department and Pomona by Professor Frank P. Brackett in mathematics.

The important work in Americanization in the Los Angeles session is in the hands of Miss Ruby Baughman, supervisor of the Department of Immigrant Education and Elementary Evening Schools in Los Angeles. Miss Margaret Craig of Los Angeles is to give instruction in the field of photography, and Kate S. Douglass, assistant inspector of Schools of Nursing for the State Board of Health, will present methods of teaching the home care of the sick.

Dr. Ernest Bryant Hoag, medical director of the Los Angeles Juvenile Court and Director of Child Welfare in Pasadena, will offer at the summer session in Los Angeles important courses in Juvenile Delinquency, Principles of Public Health, and the Growth and Development of Children. From Pasadena will also come Professor George R. MacMinn, associate professor of English in the Throop College of Technology.

Miss Florence Sutton of Santa Monica has been chosen to instruct in tennis. San Diego will send Mrs. Rosa, the Gerig-Edwards to teach in the Department of Spanish.

C. J. Booth of Ontario is to be a member of the staff of the department of Agriculture at Riverside.

To the session at Berkeley will go Dr. Albert E. Wilson, principal of the Manual Arts High School, Los Angeles. Lincoln High School is to be represented in the faculty by Walter B. Currier, head of the Vocational Art department, and Miss Edna Lowd, instructor in Drawing. Miss Lillian A. Cummings of the College of Music of the University of Southern California, and R. E. Wiatt, supervisor of Writing in the Los Angeles School Department, will teach at Berkeley. Pasadena will send Miss Jane J. Poulsen of the John Muir Intermediate School.

In the summer session to be given at Davis, Dr. B. K. Crandall, principal of High School and director of Vocational Education at Holtville, and S. H. Thompson, who holds the same position at Brawley, are to serve in the faculty.

Wonderful Bargains at Leipsic's Stamp Jubilee Sale. Come in tomorrow.

Cottage Cheese made of sweet pasteurized milk, fresh every day. Excelsior Dairy Co. Phone 237.

Mothers, bring the children to the dancing classes at Elks' Hall every Friday at 3:30.

Will Be No Summer Excursions to Back East Joins—Smith

There will be no Back East Excursions this summer over the Federal rail system, it was definitely announced today by Frank T. Smith, local agent of the consolidated roads, following numerous inquiries from those planning visits to their old homes. There will be excursions, but only to all national parks and resorts. The nine-months round-trip rates, however, are always in effect. The consolidated ticket office, at the Santa Fe station, is open from 7:30 a. m. to 5 p. m., and the railway freight warehouse opens for the receipt and delivery of freight at 7 a. m. and closes at 4 p. m.

First American soldier (to pal, writing a letter in shell-wrecked town): "Here, Jim, you aren't allowed to write your folks the name of this town that we're in. Somebody might recognize it." Second American soldier: "Aw, gwan! Even a guy that had lived here all his life wouldn't be able to recognize it now."—New York Globe.

DR. BALL IN GRIFFITH PRODUCTION TONIGHT

Dr. C. D. Ball of this city isn't a licensed movie star, and his connection with the Griffith film feature, "The Girl Who Stayed at Home," isn't quite clear, but it is announced that he appears in this Griffith production at the Temple tonight, tomorrow and Sunday.

Whether snap judgment was taken on the local physician during the filming of the play is not known. All that is known to Manager Schlossinger is that the doctor appears in the film, and his part in the big production will not be known until the film is shot onto the screen tonight.

Have you tried our Cottage Cheese? Fresh every day. Excelsior Dairy Co. Phone 237.

Order a gallon or brick of Taylor's Ice Cream for Sunday dinner.

Dr. Magill, Osteopathy, Phone 956-W.

Tell Benefits of Mutual Phones In Other Districts

Anaheim Plain Dealer: An Anaheim man was in Taft the latter part of March. He called long distance to get Bakersfield, 38 miles away. The operator said:

"You don't want long distance; that is a local call."

The Anaheim man then explained: "This isn't the Pacific Telephone Company?"

"No," replied the operator. "It is the Kern Mutual Company."

Further inquiry developed the fact that the rate is \$1.25 per month for such extensive service where the country is not nearly so thickly settled as in Orange county.

The same Anaheim man says his father owns 25 shares of stock in a Minnesota farmers mutual telephone company. It pays him 8 per cent interest. The telephone rental is \$1.50 per month.

Another Anaheim man tells of the Farmers' Mutual Telephone Company at Birmingham, la. The president and manager is L. G. Boise. The telephone rental is \$1.25 per month, covering an area of 25 miles in diameter. It is run at cost and affords good service, extension being made whenever desired.

Try our Cottage Cheese mixed with cream, ready to serve. Delivered every afternoon from wagons. Excelsior Dairy Co. Phone 237.

THE LAST CALL

Can it be possible that there is a single man or woman in Santa Ana who does not fully understand his obligations toward the government so far as those obligations concern the Victory Loan?

No effort has been spared to bring home a full realization of responsibility.

This country of ours is made up of many millions of people. Every one of those millions is a part of the organization of government. These people are the nation. It is the nation's debt that must be paid, the debt of those millions of people.

The obligation that each of us owes to the men who went overseas has been pointed out.

None can doubt the value of Victory. When we entered the war we made up our minds that Victory would be ours, and we said we were willing to pay the price, whatever that might be, in blood and treasure.

We have paid in blood.

We have not yet paid in treasure, to the full price.

We have contracted the debts, but we haven't turned over sufficient treasure to meet our obligations, and we cannot meet those obligations in the way we should if men and women who say they are loyal Americans fail to respond to this, the last call for subscriptions to the Victory Loan.

WORLD LABOR PROGRAM

President Wilson, in a recent statement, calls special attention to the so-called "bill of rights for labor," adopted at Paris. He says:

"The labor program, which the conference of peace has adopted as part of the treaty of peace, constitutes one of the most important achievements of the new day in which the interests of labor are to be systematically and intelligently safeguarded and promoted."

"Amid the multitude of other interests this great step forward is apt to be overlooked and yet no other single thing that has been done will help more to stabilize conditions of labor throughout the world and ultimately relieve the unhappy conditions which, in too many places, have prevailed."

"Personally, I regard this as one of the most gratifying achievements of the conference."

There is no question as to the value of this program, even though it is necessarily only an expression of advice and desire rather than an accomplished system of reform. The world has gone far in the direction of fair treatment of labor when the governments of all the leading nations can agree upon some of the enlightened principles involved.

Some of these reforms are already well established in the United States and other progressive countries. The rest will be actively pressed, and the whole set of principles will constitute a propaganda and a legislative program in every industrial country. Its adoption is concrete evidence that the war has been won by democracy, and that the workers are going to get the square deal they deserve.

PREMIER'S ENERGY

Premier Clemenceau takes a half-hour of physical exercise every morning. It is not taken haphazard, but is carefully studied out to involve all the muscles and keep every part of the body flexible.

For years Clemenceau has not missed his morning drill except during a few days immediately following the attempt to assassinate him.

Doubtless his amazing vitality is partly, if not largely, accounted for by the fact that he has never allowed his body to grow old and inactive. To this fact he probably owes also the prompt recovery which amazed and delighted a world horrified by the news that he had been the victim of an assassin's bullet.

This fine old patriot sets a good example in many ways, but none better than in taking time from his busy, over-crowded life with its pressing mental problems, to keep his body as keen as he does his brain. He himself ascribes to his habit of daily exercise his indefatigable energy.

IMPORTANT MEASURES

Senate Bill No. 280, introduced by State Senator Evans of Riverside, known as the Conservancy Act, has passed both the Senate and Assembly and is now before the governor for his signature. This bill makes it possible

to form conservancy and flood control districts on a whole watershed, whether it be in one or more counties, and will enable the people of San Bernardino, Riverside and Orange counties to combine all of the small flood control organizations in one great district for conservation of water and flood control, covering the whole watershed from the top of the mountains to the ocean.

Senate Bill No. 62, introduced by State Senator King of Redlands, provides for the appropriation of \$5,000, to be used with a like amount to be set aside by the Federal Forest Service for continuing the work of fire protection on the San Bernardino mountains.

These two measures, particularly the first, are of great importance to the people of San Bernardino, Riverside and Orange counties, and efforts should not be spared in conveying to Governor Stephens the belief of the people of the three counties that the two bills should be signed.

A DILEMMA

Last year a law by Congress, forbidding the employment of young children in factories, mills and mines, was declared unconstitutional by the Supreme Court of the United States.

The need of child-labor regulation was so widely recognized that Congress, after getting supposedly competent legal advice on the subject, set about to accomplish the purpose by some other method. The result was a clause in the war revenue act levying a practically prohibitive tax on products manufactured by the labor of any children under 14, or of children under 16 working more than eight hours a day.

This measure has also been declared unconstitutional by a North Carolina court, the same court that originally condemned the previous law. It is probably a toss-up whether the Supreme Court will uphold the North Carolina judge's decision in this case as it did before.

At just about the same time that this decision was rendered, the Peace Conference at Paris announced a "bill of rights" for labor, adopted unanimously by a score of nations and intended to apply to all the world, containing this clause:

"No child should be permitted to be employed in industry or commerce before the age of 14."

This provision will be incorporated in the official peace treaty and furthered by the permanent international labor conference operating under the League of Nations. Every civilized country in the world will have given its formal endorsement to the principle, and in every country where it does not yet prevail in practice an immediate effort will be made to provide the legal authority.

It will be strange, indeed, if the United States, which has taken a leading part in applying this enlightened principle to industry in other countries, should prove so stupid as to be unable to apply it at home.

What is a Constitution for, if it forbids the safeguarding of the health and strength of the nation's children?

What is law for, if it interferes with the proper application of a Constitution which was intended to be righteous, benevolent and progressive, and which every patriotic American believes to be so?

What is congress for, if it cannot devise a court-proof law to accomplish a reform on which nine-tenths of the nation's citizens are agreed?

May Vote In 1920

Pasadena Sta-News

The equal suffrage national constitutional amendment has prospect of very swift enactment by both houses of Congress, upon assembling of the extra session. If this eventuates, there is reason to hope and to believe that, before the presidential election of 1920, the women of the nation will have the franchise.

This, if brought to pass, will make the canvass of exceptional interest. It will add several million to the nation's voting list. And, incidentally, it will put political leaders all at sea. There will be no process of prognostication by which, with any degree of certainty, the political allegiance of the women of the country can be forecast. It has been demonstrated, in suffrage states, that women vote quite independently. This is to be expected when national enfranchisement shall come. It should be a wholesome influence, having the effect of putting all political parties on their best behavior.

Our Heroic Dead

New York World

Thirty kilometers north of Verdun, near the lines where the closing battle of the great war was most fiercely waged, the remains of 25,000 United States soldiers are being assembled in what will be the greatest of our national cemeteries.

Arlington has more than 20,000 graves. Chalmette more than 12,000. Chattanooga more than 13,000. Fredericksburg more than 15,000 and Nashville and Vicksburg more than 16,000 each. Antietam and Gettysburg, ranking among the most sanguinary fields of the Civil War, have cemeteries, containing 4751 and 3636, respectively.

The precise system with which our dead in France have been cared for is in keeping with all of our military operations overseas. It is not possible to bury in one place the remains of all the brave Americans who died in battle, but the vast graveyard at Romagne-sous-Montfaucon will testify most impressively to the valor of the armies that finally overcame the hosts of autocracy, and should be the object of patriotic pilgrimages forever.

SPEAKERS NAMED FOR SCHOOL CONTEST

Santa Ana's Representatives In the Annual Forensic Affair Chosen

Santa Ana High School has selected its representatives for the Orange county forensic contest, to be held at Fullerton on May 24.

News notes concerning that contest and other affairs of the high school, taken from the Generator, student body publication, follow:

The freshman event of the forensic contest consists of a memorized declamation. Our school will be represented by Lillis Snumaker.

The sophomore event is also a declamation, but of a patriotic nature. Theodore Gilbank will represent the sophomores in this event.

The junior essay tryout resulted in the selection of Lillian Wennestrom as Santa Ana's representative.

In the senior oration the school will be represented by Paul Bruns, whose ability as an orator is well known by all. The subject of his oration is "Roosevelt—American."

The Pomona declamation contest, to be held May 24, was founded and is maintained each year by Pomona College. Each high school in Southern California is allowed to enter one contestant, open to boys only. This year Santa Ana will be represented by Frank Kellogg.

Win Certificates

The following students have won typing certificates this month. The number of words written per minute follows each name:

First Remington Certificate—Nellie Larson, 41; Ireta Coulson, 36; Kathryn Walker, 43; Marguerite Warner, 31; Edna Patmor, 35; Ruth Dripps, 32; Marion Scudder, 37; Gailene Finley, 36; Alberta Cooley, 27; Marie May, 38; Stella Barton, 30; Lillian Walker, 32.

Second Remington Certificate—Della Iman, 47.8; Florence Neff, 47.6; Luella Neff, 50.8; Isabelle Boyd, 49; Sylvia Shields, 46; Ruth Boose, 46.7; Marion Calhoun, 49.7; Clara Kellogg, 48.8.

First Underwood Certificate—Della Iman, 45; Luella Neff, 44.

At last the dents in the student body money bag are being filled out. Last Wednesday's pay assembly raked in dimes by the quart.

The assembly was opened by a boxing match between Remsburg and Best, featherweight champions of the school. This was followed by a debate between Boyd Sleeper and I. Soakem. McKittrick and Hughes also had a one-round fistic encounter.

The principal feature was the play, "Rise Up Jenny Smith." The role of Jenny Smith was admirably portrayed by Harriet Owens, and Alice Makosky, as Mabel, was simply great. Many thanks are due to Miss Boyd for aiding in the decorating which went far towards making the play the success that it was.

Guns Are Received

The guns for the high school cadets have arrived and the boys are anticipating some "regular" drill soon.

The freshmen officers have decided not to accept the sophomore challenge to a sack rush, because it is the wrong season for such an affair, and it is thought this will be good news to some of the sophs, who are objecting to making an afternoon tea out of the hitherto manly event.

SENATOR SMITH SAYS BURLESON IS AN ASS

Coming In Fall to Stay Three Months, Promise on Departure for Michigan

Senator William Alden Smith left yesterday for his home in Michigan, following an enjoyable visit with his mother, Mrs. Geo. R. Smith of 801 French street. He thoroughly enjoyed every day of his stay, and promised to return in the fall for a three months visit in this delightful clime.

"Postmaster General Burleson is an ass," Senator Smith said shortly before his departure, when interviewed on the subject of the advanced telephone rates, put into effect under Burleson's order.

"The only thing left for us to do is to kick Burleson out and that is just what is going to happen," said the senator. "That will be better than having thousands of telephone subscribers over the United States order their phone out, and it will be cheaper. The increase in rates is an outrage and the subscribers have no right to stand for it."

Man's Trouble Arrested

"The past 4 years I have been going down, down, down with catarrh of the stomach and had to give up work a year ago because of my weakened condition. I suffered terribly from bloating and colic attack. Mayr's Wonderful Kennedy was recommended to me. I took a course of it and am now feeling fine." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by druggists everywhere.

PETITION TO BE STARTED FOR LIBRARY

Parent Teacher Assn. Will Promote Plan to Have Books Circulated

With the Parent-Teacher Association of the northern part of the county taking active steps in the promotion of a circulating library for Orange county and all associations of the county invited to cooperate in the movement, the Board of Supervisors in the near future will be petitioned to institute such a service.

An important meeting of the association will be held in this city at Intermediate school at 2:30 to further the cause, and the Supervisors have been extended a special invitation to be present.

Jos. F. Daniels, who is in charge of the circulating library in Riverside county and who is well versed in the system, is to be here to address the meeting. He will explain fully the two methods for operating and maintaining a circulating library—the contract and the county organizations.

Women of the northern part of the county have already secured 2100 signatures asking the inauguration of the library. All the rural districts are vitally interested and the Parent-Teacher Associations in every district have been invited to take up the movement and circulate petitions.

With the system of good roads in Orange county, the contract system is believed to be the better plan of operating in this county. Under it the supervisors can contract with a city library for the use of its books for distribution in the smaller communities with compensation allowed the library entering the contract for rent and a county librarian.

Books will be located at convenient points in the different districts, in stores or in any public place where the community can best be served. Residents in the northern part of the county are differently situated from those in the immediate vicinity of

Resinol

certainly healed that eczema

Now that you can peer into your glass without a frown, you are free to tell others about your good fortune. You can tell them how Resinol Ointment and Resinol Soap relieved the tortures that eczema brings—how they gradually overcame that irritating and painful eruption, until today you may once more mingle with your friends unashamed.

Resinol Ointment is a doctor's formula, prescribed by many physicians throughout the world. At all druggists.

Santa Ana. Here outside districts have access to the library without charge. Anaheim and Fullerton charge for service to people living outside of the incorporated cities, and this condition is responsible for the activity of the associations in the northern part of the county.

Every one who is interested in the movement is invited to attend the meeting at the Intermediate school tomorrow afternoon and hear the explanation of operating plans by Mr. Daniels.

Lima Bean Growers

Get into Touch with Four Hundred Markets

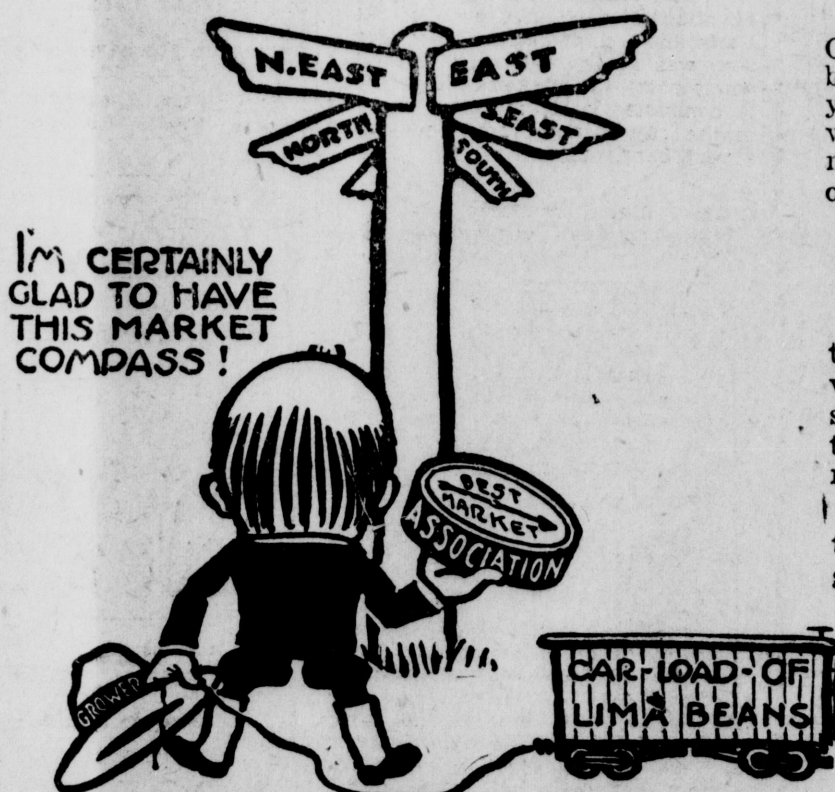

You Can Enjoy the Benefits

LOCAL markets often become overstocked with certain kinds of goods. Sometimes Chicago gets overstocked with strawberries or dried peas. Then it is that prices of strawberries and peas drop down.

One Result of Co-operation

But this never happens with California oranges. The reason is simple. The California Fruit Growers Exchange (Sunkist) keeps posted on market conditions. If there are plenty of oranges in Chicago and a low supply in Cleveland, the Exchange sends its cars straight through to Cleveland. The Sunkist exchange keeps posted on the condition of markets throughout the United States and Canada. For the Exchange, with its large membership, can afford to do what no individual grower could do alone and unaided. This is true co-operation.

Which Way?

I'm CERTAINLY GLAD TO HAVE THIS MARKET COMPASS!

Join Us for One Year; Then Count the Benefits

You will find it greatly to your benefit to belong to the California Lima Bean Growers Association. The membership term is one year. Sign up now for the present year. At the end of the term you will wonder why you waited so long to join us. You will find that co-operative marketing is a great thing. You will find that it is the only sensible and practical way to handle your crops.

Consider Your Personal Welfare

Ask any member what he thinks of our organization—the California Lima Bean Growers Association. Members will tell you that the Association lifts a big load from their shoulders. They will explain to you how the Association takes the responsibility for marketing their beans, and relieves them of worrying about selling their crop.

Membership in the Association gives the grower more time to raise beans—more beans and better beans. It gives you more time for leisure. It gives you more time for study—more time with your family. It gives you time to do the things that every man wants to do but cannot do because of lack of time.

Let your association market your beans while you give your time to raising the crops.

Read the Terms at Your Leisure

Read our terms of membership, which you can obtain by sending us the coupon below. We will gladly send you the printed forms without obligation. If, after reading the terms, you wish to join us, you can sign the forms and return them to us by mail. If you wish to talk with a member about the Association, send us a post card. A member then will call and explain everything. But first, in order that you may read the terms of membership, we suggest that you send us the coupon.

This Coupon Will Bring Blank Forms

CALIFORNIA LIMA BEAN GROWERS ASSOCIATION, Oxnard, California.

Without any obligation, please mail me the terms of membership in your organization.

Society

Mothers' Day

Yesterday was Senior Mothers' Day at high school. A goodly number of the mothers were able to attend. They were shown over the school by the different organizations, what they stand for and how they are managed. The students as well as the mothers found the day worth while. Refreshments were served in the model apartments.

Ladies of the G. A. R. Convention

The thirty-fourth annual convention of the Ladies of the Grand Army of the Republic will meet in this city next week at the same time the Grand Army has its encampment. This organization is composed of the mothers, wives, daughters, sisters and nieces of the Union soldiers, and their presence in the encampment city adds much to the pleasure of the veterans.

Headquarters for the organization are at the Rossmore Hotel, and the convention will convene in Odd Fellows' hall, beginning on Tuesday, with a motorcade at 2 p. m. At 8:30 Tuesday evening Columbia Circle No. 24 of Los Angeles will exemplify the work of the ritual.

It is the custom of the Ladies of the G. A. R. to present to a school in the convention city a picture of Abraham Lincoln and this custom will be followed here, a picture being presented to Intermediate school.

During the week the delegates will take part in all the pleasures arranged for the visitors, and on one evening will tender a reception to Commander Roberts and his staff, the time and place to be announced later.

On one day of the week the ladies will serve refreshments for the benefit of the Cottage Home fund. The states of California and Nevada have no homes for the veterans and their wives. Several years ago the need of a home for the comrade and his wife who were unable to work for the little they required to make them comfortable in the last years of life, was impressed upon the members of this order. There were several instances where the husband was obliged to find refuge in the National Soldiers' Home and the wife had to find shelter as best she could. The sorrow and homesickness of these old people who needed the companionship of each other caused the Ladies of the G. A. R. to set about to provide a way to keep them together. Land was secured near the Soldiers' Home at Sawtelle and a number of cozy double cottages were built. Later several single cottages were added. Each apartment contains modern conveniences, front and back screened porches, and little gardens lie in the rear of each little home. These cottages have been built by various circles throughout the department, and where circles cannot undertake the expense of building the cottage, they furnish or assist in furnishing those built by the larger circles.

This is only one phase of the work carried on by the order; some of the most important work they do being along the lines of Americanization—one of the first committees formed at the beginning of the life of the organization was the school committee, and this work has never ceased. The department officers are:
President—Julia M. Graham, San Francisco.
Senior Vice President—Allison Thompson, Santa Monica.
Junior Vice President—Sarah A. Cunard, Oakland.
Treasurer—Eva J. French, Monterey.
Chaplain—Anna Herr Jarvis, Richmond.
Counselor—Sarah M. Moore, Los Angeles.
Council of Administration—Mary Copping, Pasadena; Lucy M. Vining and Harriet C. Finch, San Francisco.

A "Flu" Romance
A romance that had its beginning during the past winter while the groom was ill with pneumonia culminated in a wedding Wednesday night, when Miss Elva M. Janzen became the bride of L. J. Hart, the cere-

mony taking place at the Alexandria hotel, Los Angeles. During the past winter when the influenza epidemic was at its height, L. J. Hart, of Brea, one of the popular employees of the Standard Oil Company, with offices in Whittier, was stricken with the malady and was taken to the Anaheim Sanitarium for treatment. The bride was one of the nurses assigned to the case.

Cupid was also interested in the case and became more vigilant than ever in his efforts to bring about a happy ending to the romance.
Today Miss Wood is mourning the loss of an excellent surgical nurse, while Mr. Hart is to be congratulated on winning her for his bride.

Book Review Club
The Book Review Club will meet on Tuesday, May 13, at 7:45 at the Tustin home of Mr. and Mrs. E. M. Nealey. C. S. Crookshank will review "Clemenceau: The Man and His Time" by H. M. Hyndman.

An automobile schedule will be arranged so as to provide all members with transportation.

Meeting Postponed
The Music Section of the Ebell, which was to meet on Monday, May 12, is postponed for one week to Monday afternoon, May 19.

Martha Washington Club Meeting
Mrs. H. H. Allen was hostess to the Martha Washington Club yesterday afternoon. Only a few of the members were able to attend, sickness and business keeping many of the others away.

As usual, they all occupied themselves with sewing and as Mrs. Allen has been living at San Juan Capistrano for some time, the party gave her friends a chance to welcome her back to her home here.

Refreshments were served to Mesdames Decker, Kientz, McDonald, Chandler, Zimmerman, Peters, and the hostess, Mrs. Allen.

Household Economics Section
Mrs. Mark Lacy, Mrs. J. Dick Wilson and Mrs. Roy Hall were hostesses to the second section of the Household Economics yesterday at Mrs. Lacy's home on South Broadway.

The members put in a very prosperous afternoon sewing for the Day Nursery on children's dresses and comforts. Mrs. Wilson read an instructive and interesting paper on "Sheridan, Adams and Empire Furniture." Light refreshments were served to the guests and final arrangements were made for the next meeting, a picnic at Laguna Beach, June 11th.

Lodge Convention
Delegates from the Odd Fellows and Rebekahs are making plans to leave Sunday morning for San Francisco, where the state convention is to be held from the 13th to the 17th in the Civic Auditorium.

Delegates from the Sycamore Lodge are Mrs. Kientz, Mrs. Hunton, Mrs. Peters, From the Terrosa Lodge Mrs. Joyce, Mrs. Mitchell and Mrs. Gould. Mr. Floyd Mitchell and Mr. Charles Tibbitts will represent the subordinate lodge.

A grand ball closes the convention Friday evening.

All-Day Session at Beach
The Helping Hand Society of the Baptist church accepted the kind invitation of Mrs. Crozier to hold its regular meeting at her home at East Newport. Autos left the church about 10 a. m., carrying nearly sixty to the dinner that was served cafeteria style with an abundance of every good thing imaginable. The losing side in the wood contest served ice cream and cake.

Mrs. J. Wiley Harris called the business meeting to order. She summarized the work of the year and among other things discussed the society voted to buy another Liberty Bond. The devotionals were in charge of Mrs. Earle and a new member from Minnesota was gladly welcomed. Later the whole party were taken on a personally conducted boat ride from one end of the bay to the other. This closed a very happy day.

Country Club Card Party
Mr. and Mrs. McWilliams were hostesses at the Country Club card party last evening. Twenty people were present to enjoy the last of a series of evening affairs; hereafter the parties will be given for the ladies twice a month on Saturday afternoons. Mrs. Alice Harris carried off first prize last night and Mrs. Chandler the second. Mr. Kendall and Mr. Chandler won the trophies for the gentlemen.

Elks Entertain
"It wasn't a dance, it was a riot," was the way the good time at Elks' hall was characterized. The Elks have a big reputation as entertainers and they didn't lower it any last evening when they gave a dance for those who took part in the Elks' show. As some one said, the work attached to the show was nothing compared with the fun they had afterwards. The crowd danced until late and then were ushered to the basement, where they were served with light refreshments and given balloons, horns, whistles and almost anything that would make a noise, then they went back upstairs to the dance and made good use of them. The party was a great success in every way.

Saturday afternoon the youngsters are going to have their turn. A theater party is being planned for them now.

Fashionable Undersilks

There is still time to see our new Jersey silk and wash satin underwear. Also our lovely pink and blue combinations, direct from New York. Union suits, vests, bloomers and camisoles. Hand embroidered and lace trimmed. Also Spring hosiery in all the wanted shades.

News Briefs of City and County

Lamar Melton, who recently returned with the 364th Infantry from overseas, has taken a position as operator for the Pacific Electric Railway Company at its substation, Fifth and Lacy streets.

The call of the trout stream has its grip on Walter Biddick, Francis Russell, Earl Matthews and W. H. Matthews, and they left this afternoon for Bear Lake, where they will remain until Monday. Jeff Lewis also left for the lake, accompanied by his wife. Lewis has bought a lot there and will erect a log cabin.

O. H. Maryatt, chairman of the executive committee having in charge arrangements for the G. A. R. encampment next week, urges that everyone who has been solicited for rooms for visitors turn in the cards not later than tomorrow evening. All who can take one or more delegates into their homes for the week should notify the committee at once.

The United Presbyterian Sunday School will picnic tomorrow at Orange county park. There will be a program of athletic events, Archie Raitt being chairman of the committee in charge of this feature. The Baptist Sunday schools of the county will join in the picnic at the park tomorrow.

Edward McWilliams has sold his ten acre ranch on East Seventeenth to J. W. Bromell and has given possession. McWilliams and family have moved into the city.

Local Christian Endeavorers are beginning to make plans to attend the State Christian Endeavor convention to be held at Long Beach from June 23 to July 2.

William Waller and men employed on the Sheep-Waller ranch have been exercising their ability as trappers lately, and have caught four coyotes. Incidentally, one of their dogs got into a trap. The traps are buried in sand, and bits of meat are scattered near them.

Miss Ethel Bradley, head buyer of Rankins Dry Goods store and Dr. Roy Horton are at the Anaheim Sanitarium where they underwent operations.

Fred Luitze is building a new cottage just southwest of Buena Park and will make his home there.

Funeral services for H. H. Hammer, whose life was lost in an accident at the Chapman well on Tuesday, will be held at St. Mary's church in Fullerton at 9 o'clock Saturday morning. Pallbearers will be from the council of the Knights of Columbus, of which order he was a member. Burial will be at Santa Ana. Relatives from Portland are on their way here to attend the funeral. Mrs. Hammer was formerly Miss Kate Oehlke of Orange.

The following letters remain unclaimed in the post office at Santa Ana, Cal., for the week ending May 10: Foreign—Dorothy Elizabeth Doxton, Refugio Murguia, Leopoldo Moscano, Porfirio Nicacio, James Owens, Santiago Rodriguez, Jose Silva.

All kinds of cookies, brittle and soft molasses and sugar, at the Dragon.

THE TIDES

Saturday, May 10
1:59 a. m., 0.7; 7:40 a. m., 4.0; 1:31 p. m., 0.9; 7:49 p. m., 5.5.

FUNERAL SERVICES

Funeral services for H. H. Hammer who was accidentally killed in an oil and gas explosion at the Chapman gusher at Yorba Linda, will be held at the Fullerton Catholic Church Saturday morning at 9 o'clock, with interment in Fairhaven cemetery.

For Butter, Eggs, Milk, Cream and Cheese, Phone Excelsior Dairy Co., 237.

Follow the crowds. Visit Leipzig's Stamp Jubilee Sale tomorrow.

HOW THIS NERVOUS WOMAN GOT WELL

Told by Herself. Her Sincerity Should Convince Others.

Christopher, Ill.—"For four years I suffered from irregularities, weakness, nervousness, and was in a run down condition. Two of our best doctors failed to do me any good. I heard so much about what Lydia E. Pinkham's Vegetable Compound had done for others, I tried it and was cured. I am no longer nervous, am regular, and in excellent health. I believe the Compound will cure any female trouble."—Mrs. ALICE HELLER, Christopher, Ill.

Nervousness is often a symptom of weakness or some functional derangement, which may be overcome by this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, as thousands of women have found by experience.

If complications exist, write Lydia E. Pinkham Medicine Co., Lynn, Mass., for suggestions in regard to your ailment. The result of its long experience is at your service.

SCHOOL OF SURVEYING
An outline of the courses to be given during the summer school of surveying of the University of California, at Camp California, near Santa Cruz, is contained in a pamphlet which has just been issued by the University Press. Students are to enroll on or before May 15. Students assemble at the camp on June 5 and the camp closes on July 3. Full information concerning the course will be furnished upon application to C. Derleth, Jr., Dean of the College of Civil Engineering, University of California, Berkeley.

FRECKLES

Don't Hide Them With a Veil; Remove Them With Othine—Double Strength

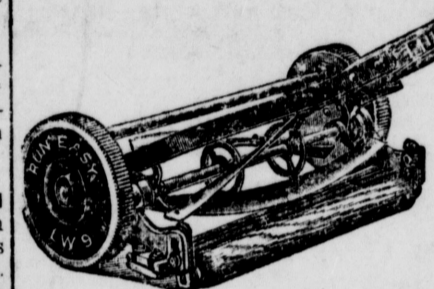

This preparation for the removal of freckles is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold under guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of Othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength Othine, it is this that is sold on the money-back guarantee.

For Butter, Eggs, Milk, Cream and Cheese, Phone Excelsior Dairy Co., 237.

Serve our Excelsior Dairy Cottage Cheese in place of meat. Phone 237.

TOMORROW'S LAST DAY TO REGISTER

Tomorrow, May 10, registration closes for the county harbor bond election to be held Tuesday, June 10. The courthouse closes at noon tomorrow, so anyone yet unregistered may do so tomorrow morning, either with the county clerk, at the city clerk's office, or with George Robinson.

CARELESS DRIVER SERIOUSLY DAMAGES STATE HIGHWAY

Some civic outlaws and economic renegades, without the fear of God in his heart, and caring not for the obligations of social solidarity has cut a gash about ten miles—maybe more—long in the fine pavement of the state highway. It is evidently the work of a truck or heavy automobile running on the rim, starting somewhere in the vicinity of La Habra and continuing at least to the head of North Main street on Chapman avenue—and it continues on toward Orange.

The gash—or, really, the two gashes cut in this fine pavement appear to be from one-fourth to one-half inch deep at places, and must result in serious damage to the pavement.

People who drove over the highway, yesterday expressed the hope that the perpetrator of this outrage might be caught and made to pay for the damage done.

GREAT CHAPMAN WELL GIVES MUCH TROUBLE

The great Chapman oil and gas gusher, about a mile northeast of Placentia, is giving the Southern Counties Gas Company, which has contracted for the gas output of the well, no end of trouble. For a while the gas company gets a great flow of gas and then it stops as though it were turned off by some demon in the bowels of the earth.

What happens is that the well gets "sanded," that is, a flow of heavy oil and mud fills and clogs the casing and must be cleared out before any more gas or oil can come to the surface.

Last night the well "sanded" up again and Manager Todd was called out of bed and got at the well about 4 o'clock this morning.

"It's some job," said Todd, this morning, "to keep the gas and oil coming, but the game is well worth the candle, for, believe me, that is some gas well."

Wonderful Bargains at Leipsic's Stamp Jubilee Sale. Come in tomorrow.

COURT HOUSE NEWS

BREWING COMPANY TO BE PRODUCTS COMPANY

Reciting that the manufacture of malt and vinous liquors is to be prohibited within a short time, the Union Brewing Company of Anaheim has asked the court permission to change its name to the Anaheim Products Company. The application, filed by Attorney John H. McCorkle, declared the company plans to engage in the business of manufacturing, distilling, dealing in and selling fruit, grain, and orchard products, both for beverages and food purposes. Directors of the company are W. E. Alexander, W. F. Laine and W. J. Heger.

WM. C. MOORE IS HELD NOT GUILTY BY COX

Holding that where two people quarrel without disturbing others, nobody's peace is disturbed, Justice Cox today held that William C. Moore was not guilty of disturbing the peace of East Seventeenth street as charged by Theodore Morris, and discharged him. Theodore Morris, Moore, Clyde Morris, H. A. Booz, and John Booz were examined as witnesses, and the testimony showed a quarrel arose over the handling of irrigating water.

COURTHOUSE NOTES

Rebecca H. Peebles of 1334 South Figueroa street, Los Angeles, with J. N. Anderson as her attorney, has filed petition for probate of the will of David Colau, who died a few days ago. The estate includes the sum of \$207 in money, pool room equipment on East Fourth street valued at \$500 and a house and lot at Tustin valued at \$1500. The will, dated January 26, 1919, gives the entire estate to the petitioner, who is named executrix.

George J. Brown has applied for a permit to lay a pipe line across Mitchell avenue at Tustin.

Berlin Hall and Lynn J. Hall have filed certificate that they are doing business in Santa Ana under the fictitious firm name of the Birch Wood Separator Company.

William Starbuck, F. C. Krause, and J. N. Anderson are appointed appraisers of the estate of Dominga Bastanchury, deceased.

Edna McDonald has been appointed administratrix of the estates of Nora Nelson and Oliver Nelson, deceased.

The estate of John T. Kenyon, deceased, has been appraised at \$1882.69.

A copy of the articles of incorporation of the Santa Ana Canyon Oil Company has been filed with the county clerk.

A decree quieting title is granted to Henry N. Rankin in his suit against Robert R. Rankin, administrator of the estate of Mary E. Rankin, deceased.

The estate of John O. Burbank, deceased, consisting of residence property in the Broadway tract, Santa Ana, is appraised at \$7500.

William F. Booms, with H. V. Weissel as his attorney, today petitioned for probate of the will of Katherine Booms, deceased. The estate consists of three acres at West Anaheim, valued at \$500, and is willed equally to the two sons of deceased, William F. and Louie Booms.

Leave to sell property at Orange has been granted as prayed for by the Menonite Pilgrim church of Orange.

George C. Pickering, 502 East Washington street, Santa Ana, and Joseph Bayes, 227 East Amerige avenue, Fullerton, today filed certificate that they are doing business under the fictitious firm name of the "Fullerton Furniture Company."

Order was made today assigning the whole estate of G. W. McCormick, deceased, to his widow, Kate A. McCormick.

A. S. Hammack is appointed administrator of the estate of C. E. Beebe, who died in Winona county, Minnesota. The Orange county estate consists of interest in property sold on contract upon which about \$1600 is yet due.

J. S. Howard of Anaheim, with Leonard Evans as his attorney, is petitioning for probate of the will of Refugio Elisalda, deceased, consisting of a rental house at Anaheim. The sum of \$1 is granted a daughter, Isabel Reyes of Santa Ana, the estate being divided equally between a daughter and son of deceased, Leonirez Bayestero and Matear Elisalda.

MOTHER'S DAY AT THE TUSTIN ADVENT CHURCH

TUSTIN, May 9.—Mothers' Day will be celebrated Sunday at the Tustin Advent Christian church, with special features. After the morning service an important business meeting of the church will be held, at which a large attendance is desired.

HOW TO CLEAN UP YOUR SYSTEM THIS SPRING

We Recommend Dr. Carter's K. & B. Tea—Old Fashioned and Purely Vegetable, But Does the Work Just the Same

For a few cents any economical Mother can get a package of Dr. Carter's K. & B. Tea and with it can gently, but surely, give the little children a thorough cleaning and at the same time they will be taking a spring tonic unexcelled.

A cup of Dr. Carter's K. & B. Tea before going to bed will work wonders for anyone—especially in the spring.

Drink it for constipation, upset stomach, sluggish liver, sick headache and that weary hate-to-get-up-in-the-morning feeling—you'll like it—the children will enjoy it. Be sure you get Dr. Carter's K. & B. Tea

PERSONALS

Leonard Blyma of Marysville, Cal., nephew of Mrs. W. D. Baker, received his discharge yesterday from Camp Kearny and is spending a few days here. He was connected with the 129th Machine Gun Battalion, 35th Division.

Francis Westgate left last night for Mare Island, following a 45-day furlough from his navy duties, spent with his parents, Mr. and Mrs. C. A. Westgate at Buaro.

Mr. and Mrs. Sam Nau of Tustin departed today on an extensive trip by rail. They will visit New Orleans, Washington, D. C., New York, and will go into Canada before returning.

Mrs. Susie Smith has returned from San Diego where she has been for the past week.

Mr. and Mrs. J. W. Babbitt returned Tuesday from a trip to California, Imperial valley, after spending a few days with their aunt and sister, Mrs. May Beatty. They report lovely weather and everything in prosperous condition.

Prof. and Mr. D. K. Hammond with Mrs. Hammond's aunt, Mrs. Luke, and daughter, Miss Gilberta, are in San Diego for the week end.

DEATHS

NININGER—At his residence, 508 South Sycamore, May 8, 1919, Chas. E. Nininger, aged 72 years. The body is at Smith and Tuttle's, funeral arrangements being deferred until the arrival of his son from Ashland, Ore.

Death is attributed to a relapse from the influenza. Mr. Nininger was ill with the disease the first of the year and had recovered sufficiently to resume his real estate business. He became ill again three days ago and died yesterday.

He is survived by his wife, one son and four daughters, Mrs. Mark Carl and Mrs. J. Clifford Johnson of this city, Mrs. F. C. Hammet of Casa Grande, Ariz., Mrs. Max Harrell of Arizona and Amos Nininger of Ashland, Ore.

ALTAR SOCIETY MEETS

Mrs. Hamann of Orange entertained the Altar Society of the Catholic Church yesterday. It was a business and social meeting and during the business session Mrs. Elggs made a stirring appeal for the Liberty Loan and was rewarded with the club purchasing one. Plans for the next meeting were discussed, which is to be held with Mrs. Borchard at Fairview and is to be a card party for all the members and their friends.

BEAN GROWERS GLAD TO SEE SUN SHINGING

Bean growers felt considerably encouraged this morning when the sun broke through the fog before noon. Recent foggy weather has allowed cut worms to develop to a point where they are doing a good deal of damage in some of the bean fields. Warm sunshine would "fizzle" the worms. Cool nights recently have not been very good for the newly planted beans, while beans that are up have not been making much progress.

SANTA ANA, CALIFORNIA, FRIDAY, MAY 9, 1919.

COUNTY SHOULD SUPPORT HARBOR BONDS, SAYS OSBORNE

\$8700 WILL GO TO NATIONAL RED CROSS TREASURY

Santa Ana Chapter Ending Work Will Move From Armory By June 1

At a meeting of the directors of the Santa Ana Chapter, American Red Cross, yesterday afternoon, it was decided to turn over \$8700 to national headquarters of the American Red Cross at once.

This money is what remains of the chapter's portion of the war fund. When pledges for the Red Cross War Fund were received, it was with the understanding that one-fourth would be retained for local war work, with the limitation that the money could be used for no other purpose than for buying materials and providing help for soldiers, soldiers' families, and to meet conditions growing out of the war.

After the fund was raised, the national managers of the Red Cross arranged to have all materials for Red Cross sewing and knitting furnished by the national organization, so that the chapter's portion of the war fund was not drawn upon for materials. This money, then, was left in the hands of the chapter, but could not be used for local purposes. There is a demand for as much money as can be appropriated by chapters, for use in relief work in Europe, as the result of the war, and it was the vote of the chapter that this money go at once into this fund rather than retain it here idle and for no purpose.

The Local Fund
The demand for local relief work for soldiers and for families of soldiers is decreasing, not over \$100 a month being needed now for that work, which is in charge of Mrs. Susie Ruth-erford.

In addition to \$8700 of the war fund, the chapter has about \$3800 on hand in the local fund available for local purposes.

The question as to whether or not that money should be invested in Liberty bonds was taken up with Santa Francisco headquarters by Fred Rafferty, secretary of the chapter, a few days ago. Yesterday, just before the meeting of the directors, Rafferty received a telegram from San Francisco headquarters stating that the national headquarters had advised that funds of the Red Cross be not invested in any securities. The ruling is evidently based upon the belief of the Red Cross officials that Red Cross money should be kept as cash so that it can be instantly available for use in case a disaster should arise near any chapter.

The secretary stated that he expected further details by letter from San Francisco, and that it was possible that the investment in Liberty bonds would be allowable. The question as to whether or not the investment should be made was left in the hands of a committee consisting of the chapter chairman and secretary, T. E. Stephenson and Fred Rafferty, and C. A. Riggs, a director.

For Community House
Mrs. J. N. Bartholomew and Mrs. W. E. Otis addressed the directors yesterday in presenting the suggestion that the Red Cross use its local funds in behalf of a community house as a memorial to the soldiers and sailors who served the country during the war.

"I am very strongly in favor of a memorial of that kind," said Mrs. Otis. "Parades, entertainments and even the planting of trees are temporary methods of expressing our appreciation of the services of the men, and it appears to me that we should use our best efforts to put our expression of appreciation into some concrete form, such as a permanent memorial building would be. I don't know whether or not our Red Cross funds could be used as a nucleus for such a purpose, but I believe that the matter is worth talking over and considering. If not, then some other steps ought to be taken."

Newport Belle Now Tired of Her Chauffeur

MRS. JACK GERAGHTY

Mrs. Jack Geraghty Charges Husband Cruel, and Is Seeking Divorce

NEW YORK, May 9.—Before she married her father's chauffeur, Mrs. Geraghty was Miss Julia Estelle French, belle of Newport, R. I. Jack Geraghty was the son of a livery stable keeper and they eloped to wed. Now Mrs. Geraghty charges cruelty and neglect, and divorce proceedings are scheduled for hearings.

DECIDE TOMORROW ON PRICE OF TUNA

Fishermen and Cannerymen at Conference Expect to End Controversy

Representatives of the Long Beach fish canneries will meet in Long Beach Saturday with representatives of the fishing fleet in an effort to establish a price for the season's tuna catch. Fishermen from all parts of the Long Beach-Los Angeles harbor and San Pedro, Wilmington and Long Beach canneries will be represented. Newport Beach fishermen are deeply interested in this meeting.

Some time ago the fishermen presented the canners with a demand for \$140 a ton on the 1919 catch of tuna, the season for which is expected to open within a few weeks. The canners last year paid \$110 for the fish cleaned. They object to an increase of \$30 per ton for uncleaned fish on the score that the canners' product has not increased materially over a year ago, and that the canners cannot stand the raise.

Several meetings have already been held and the fishermen have practically reduced their demands to \$140 for cleaned fish; but canners still protest that they cannot afford this price. The meeting Saturday will open in the afternoon and is expected to last well into the night.

Albacore Is Standard
Albacore tuna, in the price fixing end of the business, is taken as the standard and other kinds of tuna are based on the price paid for albacore. The reason for this is that the white meat of the albacore is the finest for canning, brings the best price usually and packs more cases to the ton. Blue fin and yellow fin tuna pack slightly less to the ton, are not quite as white and sometimes bring a lower market price. The practice of the past has been, if albacore sold at \$110 per ton, other tuna was purchased by canneries for several dollars less.

Fishermen claim they must receive more money to meet increased expenses. Cannerymen admit they will have to pay an increased price, but do not believe it will be \$140.

Pies with the real home-made taste M-m-m, they're good. Dragon Con—delicious filling and flaky crust. Fectionery.

OVER 900 WILL ATTEND G. A. R. ENCAMPMENT NEXT WEEK

Local Committees Have Completed Arrangements For Big Gatherings

There will be no less than 900 and possibly 1000 men and women arrive in Santa Ana Sunday night, Monday and Tuesday for the encampment of the Grand Army of the Republic, Department of California and Nevada, and the conventions of affiliated organizations.

The local arrangements are practically completed. Only here and there are finishing touches to be made.

The first contingent to arrive will be the San Francisco delegation, which will arrive in Santa Ana Sunday night about midnight. This delegation will come down from Los Angeles by electric car and the San Franciscans will be met by committees here and will be escorted at once to the homes to which they are to be assigned.

Other delegations are expected to arrive on Monday. While the program of the encampment is not to start until Tuesday, Monday will be a busy day with the local committees and a pleasant day with the old veterans and their wives who come with them. It will be a great day for renewing old acquaintances as the veterans arrive from the various posts of the department.

The committee that is in charge of finding rooms for all of the visitors has reservations in Santa Ana residences for about 500 men and women, outside of the accommodations that may be expected from hotels and rooming houses. That means that there is a shortage of accommodations, and unless there is an immediate response from a goodly number of residents of the city who have not yet signified their willingness to help by taking in the strangers, the local committees are going to be swamped.

Anyone willing to provide a bed or a bed and meals or a bed and breakfasts should only notify the local committee at once at the Armory on Birch street.

The committee will be there tomorrow and Sunday, each day from 1 p. m. to 3 p. m.

Local committees of the G. A. R., W. R. C., Daughters of Veterans, and Sons of Veterans, the four organizations that are to convene, have their preliminary work well in hand.

BIG BEAR TROUT ARE SPAWNING AND ANGLING IS POOR

Wait a Couple of Weeks, Say Old Timers, For Sport Will Be Good Then

Big Bear trout have deserted the chasing of flies for the more important duty of spawning.

It was on the 5th of May that they quit biting, and old-timers, including Gus Knight of Bear Lake, told E. R. Curtis and A. B. Watson, Santa Anans who returned from the lake last night, that it would be two weeks before the trout could be expected to return to the merry game of hide and seek with anglers.

Curtis and Watson arrived the day the trout stopped biting. For the first four days of the season, the fish grabbed everything they could get, and the fishermen therefore got many trout.

"It is no use going up there now," said Curtis this morning, "if you are going expecting to get trout. Those who want sport should wait a couple of weeks. The theory is that during spawning time, the trout are weak and not hunting food. When they recover from spawning they are hungry and grab everything that looks like food."

Why He Was Rich
"Kicking about a few millinery bills? Why, I could have married Wombat, who is now a millionaire. But I didn't."

Leipzig's Big Stamp Jubilee Sale is offering wonderful values. Be sure and come in tomorrow and share in the Big Bargains.

Seen—Not Heard
Said a youngster whose name was John Hurd,

"It has frequently to me occurred that my parents so keen might have named me John Seen. For a child should be seen and not heard."

—Sam S. Stinson.

Woman Stages Plays to Keep Soldiers Happy

Laura Sherry Busy With U. S. Army of Occupation Entertainment

NEW YORK, May 9.—Laura Sherry will be heard from often 'over there.' She's director of the Over There Theater League which is staging plays through France and the German districts occupied by the Americans. She formerly played with Richard Mansfield and her husband is a big paper mill owner in Wisconsin.

He was accompanied on the trip by others from Los Angeles, Santa Ana and Newport, and he was taken over the bay during a minus tide so that the possibility of development might be best disclosed.

The ride over the bay was a revelation to him, and as the boat rolled out into the ocean by the jetty without laboring in dashing waves the possibilities of enlarging and making that entrance available to sea-going vessels was revealed to him.

Congressman Osborne is a member of the Rivers and Harbors committee and he had particular interest in the trip as viewing the harbor with the location of a naval base or training station a probability.

He was there as the guest of A. B. Fouselle, president of the Balboa Chamber of Commerce. The ride on the bay embraced a trip to the mouth of the bay and then up past Port Orange nearly to the upper bay, where

SHOW EVIDENCE OF FAITH IN PROJECT TO GET U. S. AID, URGES CONGRESSMAN

Ride Over Newport Bay District Reveals Possibilities to Southland Representative Who Declares That Improving Port Will Bring Business That the Most Optimistic Had Not Expected; Santa Anans on Trip.

"THERE is no question but that a great harbor can be made here and the limit. I anticipate the time when San Pedro will be the greatest port in the world—when it will develop a vast foreign trade, when the harbors of the whole Pacific Coast will be taxed to take care of the foreign trade coming this way. There is no good reason why another harbor should not be located and developed near Los Angeles harbor. The matter of dredging is a simple thing. You have miles of water front here for the location of industries."

Congressman H. Z. Osborne of Los Angeles, who has been identified with the upbuilding of Southern California for years through newspaper work and other activities and now honored as the congressional representative from Los Angeles, gave utterance to the above yesterday afternoon following a tour of inspection of Newport Bay.

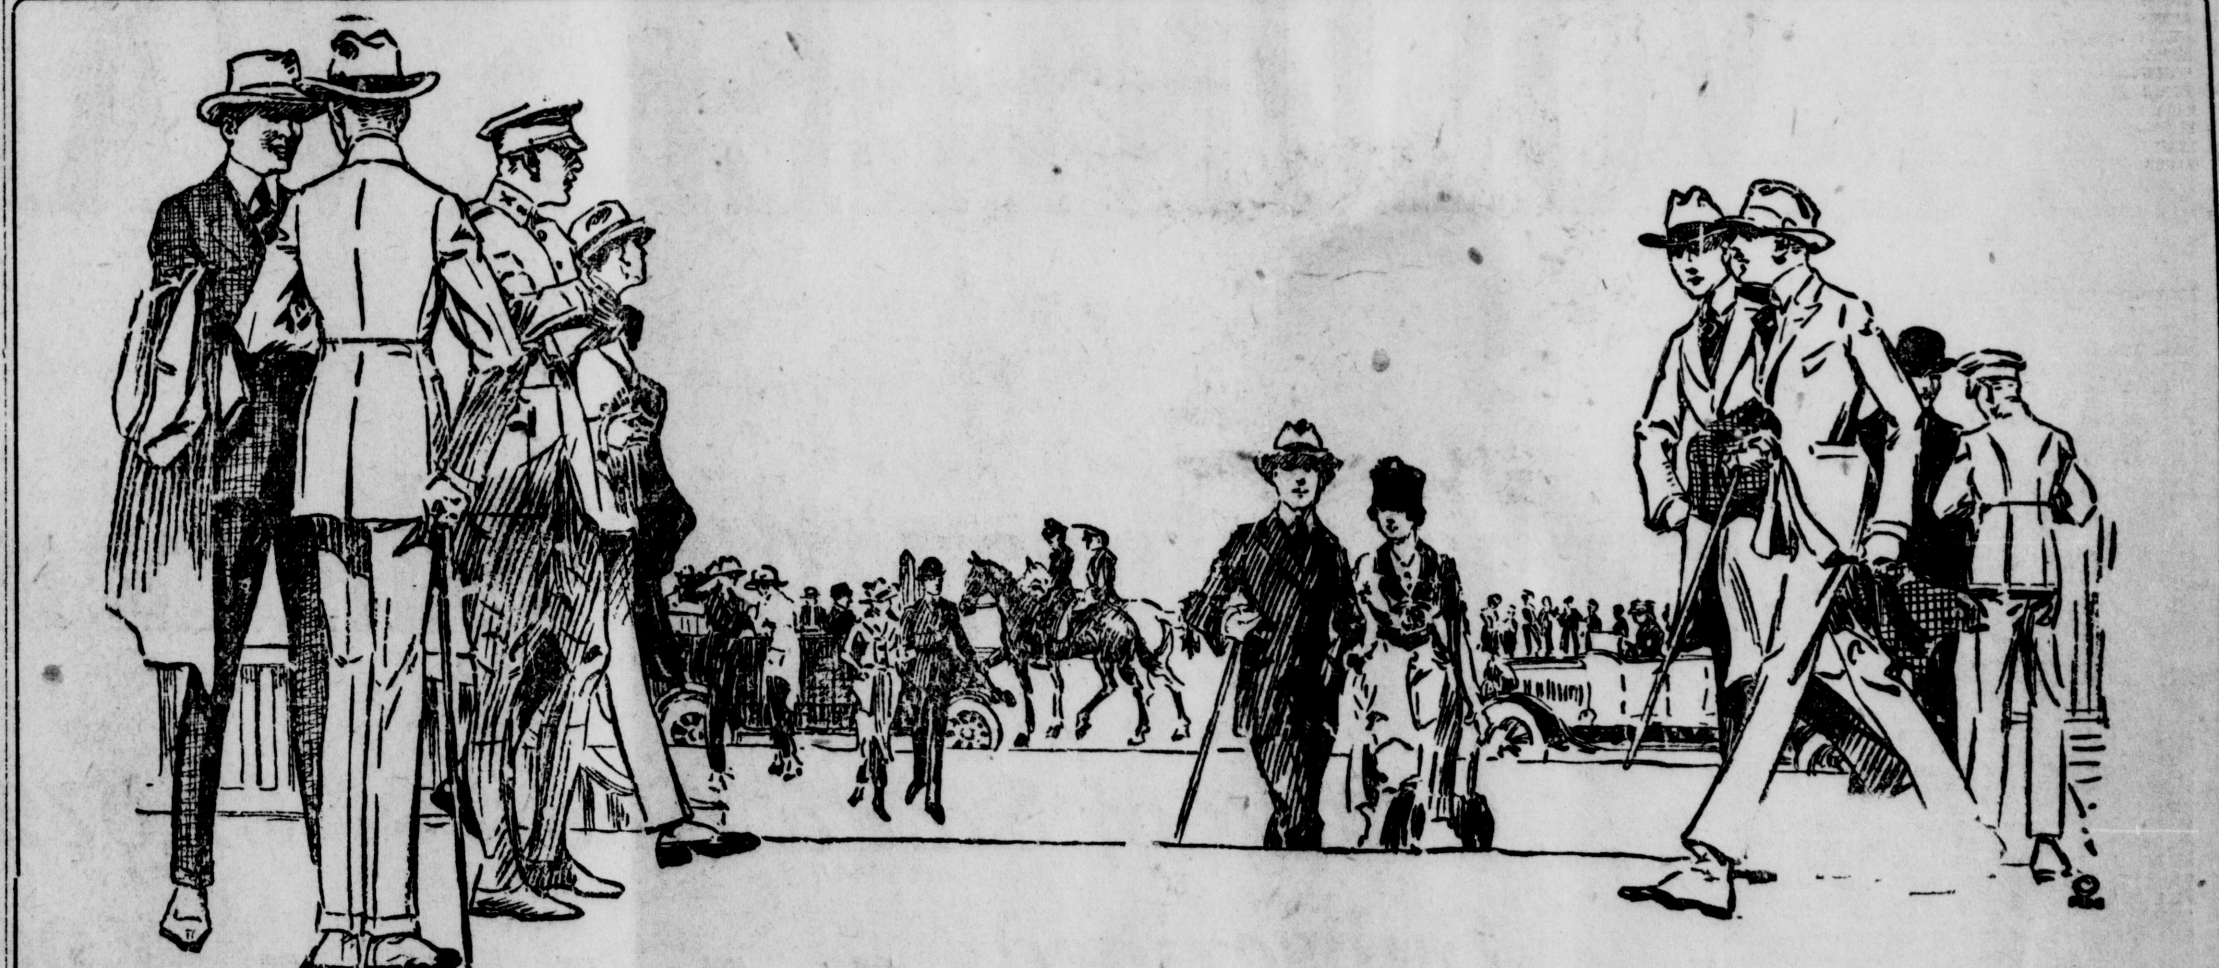

Men representative of business organization in Santa Ana were in the party, including three representatives of the city council.

Lunch was served at Keene's restaurant about 1 o'clock and following this brief talks were made by local men, with Congressman Osborne concluding the talk.

"It may seem presumptuous for me to attempt to advise Orange county people as to what they should do on any project," said the congressman, "but I may venture to say that if they support the county bond issue they will start an enterprise here that will return them dollars where they spend cents."

"I believe that independent of whether the government ever makes an appropriation for the project, there

(Continued on Page Ten)

One Promise That We Make in Advance

—to any man who buys clothes at this store is that he'll get 100c-on-the-dollar satisfaction.

That's our guarantee. But really, it's a double guarantee. For while we guarantee that you'll get perfect fit and good looks in the clothes you buy here the maker guarantees satisfactory wear and service.

We can give this double guarantee because the quality is in the clothes—in honesty of fabric, in smartness of style, in scientific tailoring that does away with expensive ways of doing things.

SHOW FAITH IN HARBOR URGES OSBORNE

Congressman Says Issue of
Bonds Should Be Voted
By County

(Continued from Page Nine)

is great future to Newport as a place where pleasure craft can come and make a port home. Newport is admirably adapted to that.

"I have had the pleasure of stopping at Balboa many times, one of my sons having a cottage here. I think this one of the prettiest and best spots on the Pacific coast. And I think a good deal of Catalina. The situation here is unique and the place is desirable. The mud flats in the bay make no impression on me. I saw the same thing at Wilmington and San Pedro thirty years ago when I was collector of port at Wilmington. We had only eighteen feet of water at low mean tide.

Waded Out to Ships
"When I first went to that harbor, the ships could not come in. They had to anchor in what is now known as the outer harbor, and their cargoes had to be brought ashore by lighter. At that time there wasn't much in Southern California for ship cargoes except stock and hides—and I have seen men waded into the water and carry hides to the ships in the outer harbor.

"You had more commerce at Newport thirty years ago than you have today. What has been done in the past can be done again, and with the high state of development of the section adjacent to the harbor at this time, you should do many times over what the commerce was thirty years ago.

"The eastern coast has many harbors and most of them have been assisted by the government after home interests had demonstrated their faith in the projects by spending money in starting the development work.

"The majority of the members of the Rivers and Harbors committee is from the eastern states, and to secure anything for a Pacific coast enterprise it is necessary to convince them that the people will benefit, that the people have demonstrated their faith in their enterprise by spending their own money in starting development work.

"In the case of Los Angeles harbor, Los Angeles county has spent about \$6,000,000 and the government a like amount. The county now has voted additional bonds in the amount of \$4,000,000, making the county funds provided greater than those of the government. The government will have

to appropriate more if it goes fifty-fifty with the county.

Show Evidence of Faith
"Requests for appropriations from projects where local people have evidenced their faith by spending money are received with a great deal more favor by the committee and congress than where such requests are not backed with such evidences.

"The people of Newport Beach have voted \$240,000 for improvements in the bay. That is evidence of their faith. If Orange county should vote \$500,000 for the project it would be convincing proof to the committee and congress that the people of the county are back of the enterprise and would have great weight.

"Suppose you should vote the bonds and should go ahead for some time without an appropriation from the government? It will be the starting point for you, and you will develop the harbor and commerce and finally convince the government that it should help you. You will benefit by developing the harbor to the extent \$500,000 will make possible, even if you should never get a government appropriation.

"The location of industries will follow and you will grow and expand in a way you have never dreamed of.

"I am for the harbor. So far as I can, I am for the Pacific Coast, California, Southern California, Los Angeles and a harbor at Newport Bay."

Confirms Statements of Others

The representative's statements confirm those of other congressmen who have visited the harbor—that those who help themselves will be assisted by the government when the proper time comes. Congressman Kettner, Congressman Padgett, chairman of the Naval committee; Congressman Lee of Oakland, member of the Rivers and Harbors committee, all have advised local interests that they first must demonstrate their faith in their harbor project before they can expect assistance from the government.

Newport Beach city has voted bonds in the sum of \$240,000 for work that has been done and is being done at the harbor, and dredge material for building up lands has brought about \$10,000, making a total of \$250,000 that will have been expended on the work by the time the present dredge contract is completed.

It is believed that the dredging contemplated under a county bond issue will result in the sale of dredge materials that will make \$1,000,000 worth of work possible under the \$500,000 bond issue. More land to be built up will be available under the county dredging plans than under the city plans.

The Newport Beach Syndicate, had a channel dredged through its property nearly to the line the county will follow from Bay Island to the Santa Ana river bridge. Today it started what is probably the first work in establishing a fishing industry there. It is building a warehouse and wharf 200 feet long along the new channel. This will be for fishermen. It will be a landing place for the fishing smack, where their catches can be crated and shipped.

For Commercial District
In addition to this the streets will

be paved and the tract laid out for a commercial district. The syndicate has 122 lots, with five acres undivided and will spend about \$18,000 in developing and improving its holdings.

The city owns 2100 feet of frontage along the city channel and this probably will be improved in the near future.

The county channel from Bay Island will be 150 feet in width at the bottom with a water width of 250 feet at mean low tide, with the depth of the main channel at 16 feet. It parallels what is contemplated as a government channel to conform to lines established by government surveys.

Under the county bond issue it is proposed to extend the jetty 200 feet, which will give 30 feet of water at the entrance at mean low tide. Over \$100,000 of the issue will be spent in diverting the Santa Ana river from the bay to the ocean and in the building of a dam at Bitter Point to prevent tide waters backing up into the river.

With the river diverted there will be no necessity for expensive dredging to keep the harbor clear of silt. The present jetty has fully demonstrated its value in making the entrance safe for small craft, and small craft can now go into the ocean with perfect safety where before the building of the jetty the man who attempted to gain the ocean by the entrance took his life in his hands.

Scouring of the channel as a result of the jetty has saved thousands of dollars in dredging, for hundreds of cubic yards have been removed by the tide currents that it was thought would have to be removed by dredging.

The three new members of the Santa Ana city council in addresses at the luncheon, expressed themselves as heartily in favor of the bonds, as did also Charles F. Smith, president of the Santa Ana Chamber of Commerce; D. Eymann Huff, president of the Associated Chamber of Commerce; and H. J. Lowe, president of the Merchants and Manufacturers Association.

Mayor Mitchell expressed the belief that the city of Santa Ana would return a good majority for the bonds.

"I have seen San Pedro and Long Beach harbors change from mud flats to the hives of industry; they are today," declared D. Eymann Huff, "and they didn't offer half the opportunities that are presented in Newport Bay."

"Los Angeles has shown us the way, and we who have watched the developments there should take the lead in the proposed county bond project. If we make the start we will get encouragement from the government.

After we have spent the \$750,000 that will have been spent if further improvements are made under a county bond issue, we will be in a position to go before the Rivers and Harbors committee to ask for government aid, and we will stand a much better chance of securing that assistance than we will if we do not show our faith by deeds and money."

"The trip over the bay this morning has been a revelation to me and I shall redouble my efforts to put the project over," said Charles F. Smith. "I don't see how any one in the

county with the development of the county at heart, can pass up the harbor," said H. J. Lowe. "If everybody in the county could see what we have seen today—could see that bay at a minus tide—they would be boosters for the harbor."

Would Lower Freight Rates

C. H. Chapman, who is a lumber dealer, said that if the reports are true, that terminal rates will be operative in the county under harbor improvement, the saving in lumber shipments alone would be a big thing to the county. The lumber rate from San Pedro to Los Angeles is 4 1/2 cents per hundred pounds, from San Pedro to Santa Ana it is 7 1/2 cents per hundred. If the 1 1/2-cent rate would obtain in Orange county under a harbor, the saving would be tremendous.

H. H. Dale said that he was for the harbor, first, last and all the time. He thought that if more people would go over the bay, see the possibilities and acquaint themselves with the conditions, that there would be no trouble in carrying the bonds by a large vote.

Congressman Kettner was invited to be present but was detained by illness. A letter from his secretary was read by A. B. Rouselle, in which it was stated that the representative was in the hospital following an operation for the removal of his tonsils.

Chas. F. Smith suggests that if Newport would plant trees along the bluffs at Port Orange and other spots available, the place would be made attractive and the trees eventually make shady nooks where boat parties could land picnic parties or for rest in the shady spots after a long ride on the bay.

The following composed the party on the trip:

Santa Ana—John G. Mitchell, mayor; C. H. Chapman and H. H. Dale, councilmen; Charles F. Smith, president of the Chamber of Commerce; J. C. Metzgar, secretary of the chamber; H. J. Lowe, president of the M. and M.; Horace Fine, of the Register. Los Angeles—Congressman H. Z. Osborne and son, Sherrill Osborne, T. B. Rockwell, W. D. Watson, and D. W. McDannald, Orange county representative at the Chamber of Commerce.

Newport Beach—A. B. Rouselle, president of the Balboa Chamber of Commerce; City Engineer Paul E. Kressly, Councilman J. C. McCain, Secretary W. L. Jordan of the Balboa Chamber of Commerce, and C. G. Alves.

THIN PEOPLE OF SANTA ANA

Bipro-Phosphate should give you a small, steady increase of firm, healthy flesh each day. It supplies an essential substance to the brain and nerves in the active form in which it normally occurs in the living cells of the body. Bipro-Phosphate replaces nerve waste and creates new strength and energy. Sold by druggists under definite guarantee of results or money back.

BOYS EARN MONEY WITH THEIR BIKES

Boy With Bicycle Has 'Bulge'
On Comrade Who Hasn't;
Earn a Wheel, Advice

"The boy with business instinct and ability always has the approval and willing help of the business man in his efforts to earn money," says Ben Warner of Livesey's bike shop, 214-16 East Fourth street, when discussing the forthcoming Bicycle Week in Orange county.

"But the boy who owns a bicycle has the 'bulge' on the youth who doesn't, when it comes to making the best of business opportunities and earning money. In these days when speed is such an important factor in business, the boy with a bike and a little initiative can do many, many things that will net him a tidy income. I have listed up several good ways of making money with a bike that have suggested themselves to me.

"Let the boy build up a neighborhood errand system. Do errands for housewives at fixed prices for certain distances. Call at a certain time every day and say 'Any errands?' Let them know you will do this every day and they will soon depend on you for many things and await your coming rather than go themselves.

"Act as messenger for professional men who have offices uptown. If they know you are coming at a certain hour every day after school or during vacation they will have errands for that period.

"Work for real estate firms, putting up 'For Rent' signs, etc., on vacant houses, keeping them in order, etc. There are some splendid opportunities along this line for the boy with a bike.

"Act as an 'extra' messenger boy for the telegraph office.

"Deliver special delivery letters for the postoffice.

"Your neighborhood druggist, grocer, tailor or cobbler is a good prospect for your services, if you have a bike. Delivering ice cream, prescriptions, medicines for the druggist pays well and the grocer will be glad to have you deliver 'rush' orders for him at a fixed price per delivery. The tailor and the shoemaker also have much work that a boy could do with his bicycle."

"Prohibition working all right in your village?" "Yes," replied Mr. Chuggins. "The roads are full of broken glass; proving that nobody has any further use for bottles."—Washington Star.

Home-made candies, fresh every day. Nougats, fudges, caramels and brittles. Lion Candy Kitchen, 113 West Fourth.

Better try "Granite Rock Floor Paint" for your floors. Wears longest. Sold by the Standard Paint & Paper Company, 222 West Fourth Street.

Watch Your Child's Tongue!

Constipated Children Gladly Take

"California Syrup of Figs"

For the Liver and Bowels

Tell your druggist you want genuine "California Syrup of Figs." Full directions and dose for babies and children of all ages who are constipated, bilious, feverish, tongue-coated, or full of cold, are plainly printed on the bottle. Look for the name "California" and accept no other "Fig Syrup."—Beware!

\$8700 TO BE SENT TO U. S. RED CROSS

(Continued from Page Nine)

ken by the community toward the end that we get a community house or memorial structure of some kind."

It was decided to place the suggestion before the Red Cross authorities in San Francisco so that there might be a definite ruling as to whether or not Red Cross funds could be diverted as suggested.

Done With Armory

The Armory building, which has been used by the Red Cross for two years, is to be turned back to the owners on June 1. The Armory has been an ideal location for the Red Cross work, and through it the local chapter was enabled to do better work, perhaps, than was possible in any other location in the city. The Armory has been rented to the Red Cross at low rent and at a sacrifice on the part of the company that owns the building.

The Red Cross will retain its Home Service rooms at 115 East Third street, where Red Cross committee meetings will be held after this month.

Miss Bessie Lewis, chairman of the sewing department, reported that the sewing quota had been completed and that three sewing machines given to the local work had been sent to San Francisco, from which place the Red Cross is to make a shipment of sewing machines to France and Italy for use in factories conducted by the Red Cross. Mrs. Munger of El Toro stated that the Red Cross branch there owns four machines, which may be sent to the same place. Other branches may also send sewing machines.

Miss Lula Minter, chairman of knitting, stated that her department is almost through with its work. There is still some knitting to be returned, and the last shipment from the Armory is to be made just as soon as that knitting is completed, and turned in.

In order that some of the branches of Santa Ana chapter may be in a position to use some of their funds for emergency charitable cases, not having to do with soldiers or sailors or their families, a motion was passed yesterday asking Red Cross headquarters to grant the chapter a permit for that work. Under the rules of the Red Cross the funds may be used for emergency charities only when there are no other charitable associations or organizations in the community.

GREATEST SHOOTING MATCH IN HISTORY OF THE UNITED STATES TO BE CONDUCTED BY GOVERNMENT ON CALDWELL N. J. RIFLE RANGE JULY 1

Caldwell Rifle Range and Officer In Charge.

WILL FIND REFEREE WHEN TIME IS RIPE

NEW YORK, May 9.—Difficulties to find men to officiate in the coming battle between Jess Willard and Jack Dempsey probably will vanish as time for the bout draws closer. The articles of agreement make this practically certain.

The contract stipulates that a referee shall be chosen by Willard and Dempsey—one who is acceptable to the promoter—within a reasonable length of time before the scrap. Upon failure of the fighters to agree on a man, he will be selected by Rickard. Rickard has declared he will stand for no nonsense on this score and says he will have no hesitancy in naming the referee when the time comes.

TUSTIN TRIMMED BY ORANGE ON DIAMOND

ORANGE, May 9.—Before the largest crowd of the year, on the Orange diamond, Tustin school fell before Orange Intermediate, by an 18 to 5 score. Huffman held Tustin to seven hits, while Ely allowed Orange 16. Arguello and Johnson each hit a homer, with Harms and Showalter securing a triple each.

Half the city of Tustin came over with its school team. John Bragg had plenty of competition in rooting. This game was important, as it put Tustin in third place. The first two have only dropped one game each, while Tustin lost to Placentia, Irvine and Orange.

Santa Ana has played no games yet and Fullerton is not playing at all. Anaheim, Huntington Beach, Olinde, Brea and El Modena have all lost games.

Orange must defeat Santa Ana and win its return game at Placentia to capture the county flag.

Line-up: Orange—Arguello, 1b; Harms, ss; Huffman, p; Johnson, c; Showalter, cf; Alden, lf; Carpenter, 2b; Todd, 3b; Morrison, rf.

Tustin—Brown, rf; Ely, p; Bove, 2b; Means, lf; Y. Jimenez, ss; Matthews, 1b; Marple, 3b; B. Jimenez, c; Fisher, cf.

Umpires—Squires and Thompson.

NICHOLS TO MANAGE U. OF C.
BERKELEY, May 9.—Luther A. Nichols of Pomona, just released from the service, has been chosen graduate manager of the University of California. Nichols was a track star at college.

MCGRAW AFTER GONZALES
NEW YORK, May 9.—It was rumored here today that John J. McGraw, manager of the Giants, is negotiating a deal which will bring Mike Gonzales, Cardinal catcher, to the Giants in exchange for Dave Robertson, outfielder.

GOWDY IN UNIFORM SOON
COLUMBUS, O., May 9.—Hank Gowdy, catcher for the Boston Braves and the first major league player to enlist, will make his first appearance of the season in a Boston uniform at Philadelphia Sunday.

WILLIE MEEHAN DEFEATED
PITTSBURGH, May 9.—Willie Meehan, the "Frisco fat boy," was defeated by Harry Greb, local middleweight, in a ten-round bout here last night.

Although Greb conceded 32 pounds to Meehan, he outpointed the visitor in nine of the ten rounds.

SWIMMING MATCHES SOUGHT
OAKLAND, May 9.—The Oakland Athletic Club's swimming team is not only going to compete in the Pacific coast championships at Ocean Park in July, but is going to meet nearly every other California team in its home waters. Dates are being sought for meets at Stockton, San Jose, Riverside, San Diego and other cities.

NEFF AND BROWN TO MIX
LOS ANGELES, May 9.—Chet Neff and Young Brown furnish the main event at tonight's four-round boxing show, but some of the others are near the main event class. Danny Kramer meets Lang Finn and George Spencer mixes with Kid Mende.

Moving east—one door—on June 1. More business, larger vans, better service. Main Shoe Hospital.

Celebrate Mother's Day with one of our home-made pies. The best you ever tasted. Dragon Confectionery.

COL. MCCHARLES

Thousands of Marksmen, Both Military and Civilian Are to Compete

WASHINGTON, May 9.—Caldwell range is where the greatest shooting match in the history of this country will be held this summer, at Caldwell, N. J.—forty-five minutes from Broadway.

Thousands of expert marksmen from the army, navy, marines and civilian life will compete for national marksmanship honors, and 25,000 spectators are expected to watch the shooting. Thanks to the national defense act of 1916, government rifle ranges are now open to civilians as well as soldiers and sailors.

The navy, which built the Caldwell rifle range, will be host to the visiting riflemen for the first time. Lieut. Col. William C. Harlee of the Marine Corps, who was largely responsible for the development of small arms practice in the navy during the war, is executive officer of the matches. Co-operating with him are the National Board of Promotion of Rifle Practice, a branch of the War Department, and the National Rifle Association.

The rifles will begin to crack July 1.

The Scoreboard

Yesterday's hero: Arthur Neff. He registered the Braves' first victory in ten starts when he turned back the Giants, 3 to 2, in eleven innings.

Duffy Lewis busted a homer into the Philadelphia stands and clinched a victory for the Yankees, while Bob Shawkey was holding the Athletics to a single bingle.

Tom Griffith also did a day's work with a home run in Brooklyn, winning a 2 to 1 victory over the Phillies.

Earl Hamilton finally registered for the Pirates with a 4 to 2 triumph over the Cardinals.

The White Sox kept going at a gallop when they stepped on the Indians, 4 to 2.

The Senators failed to score, while the Red Sox accumulated three runs.

BELT FOR WRESTLER
CHICAGO, May 9.—A belt emblematic of the world's wrestling championship will be presented to the winner of the Zbyszko-"Strangler" Lewis match here on May 19, officials of the Coliseum Athletic Club announced today. The action follows word that Sergeant Earl Caddock will not defend his title on his return to this country from France. The cost of the belt will be \$2500, it was said.

Fletcher Musto Method. Nell Isaacson, 422 Spurgeon Bldg. Pacific 1455.

You Must Register!

by noon Saturday, May 10, if you want to vote for the harbor bonds June 10, unless you have registered in the precinct where you now live since January 1, 1918.

If you have registered since Jan. 1, 1918, but have moved to another precinct since that registration, you must transfer before Saturday noon in order to vote for the harbor bond issue.

Register now with Kate Owen, City Clerk E. L. Vegely, County Clerk J. M. Backs or Geo. Robinson. EVERYBODY SHOULD VOTE ON THIS IMPORTANT HARBOR ISSUE.

FAST TRACK EXPECTED FOR DERBY TOMORROW

LOUISVILLE, Ky., May 9.—Index, Harry Payne Whitney's candidate for tomorrow's derby, worked a mile and a quarter in 2:06.45 and finished strong.

Sir Barton, maiden entry of Commander Ross of Montreal, worked a mile and a quarter in 2:07. Interest has been injected through the purchase yesterday of Frogtown by Willis Sharpe Kilmer, owner of Extremator, winner of last year's derby, who was bought at the eleventh hour.

Regalo, the only filly to start in the event, has arrived at the downs.

The weather forecast is encouraging for a fast track.

Sternal is training splendidly and it will take a good horse to take his measure. Billy Kelly, too, has shown a marvelous workout and will go the entire route, according to horsemen who have watched him work.

REUBEN IS DEFEATED

LOS ANGELES, May 9.—Walter Miller today continued to wear the middleweight wrestling crown. And Benny Reuben was ready to go back to Chicago, but with the knowledge that he had put up a rattling good fight for Miller's honors.

Miller defeated Reuben in their bout last night with two falls out of three. Miller took the first fall in 52 minutes, 2 seconds. Then Reuben pinned Miller to the mat for the second fall in 14 minutes, 59 seconds. A whirlwind finish by Miller ended the bout in his favor by scoring the third fall in 5 minutes, 21 seconds.

VINCENT ASTOR BUYS \$4,500,000 OF BONDS

NEW YORK, May 9.—The largest unofficial subscription to the Victory Loan here came from Lieutenant Vincent Astor, who pledged \$4,500,000.

At 11 o'clock last night \$143,000,000 in subscriptions had been taken at a Victory Loan mass meeting at the Metropolitan Opera House, at which William H. Taft was the principal speaker.

Newport Hotel, on ocean front.

Misplaced Sympathy
"Man, Sandy is that you?" exclaimed in surprise an old man in the street the other day.

"Man, I thought ye were deid. I heard ye were drooned!"

"Oh, no; wasna me," returned Sandy, solemnly. "It was ma brither."

"Dear me!" murmured the old man. "What a pity! Whit a terrible pity! There was a somewhat thoughtful look on Sandy's face as he wandered away.—From the Edinburgh Scotsman."

Dragon cookies hit the right spot. Crisp and golden brown, and the price is right.

PASTOR ARRANGING FOR CAMP MEETING

HUNTINGTON BEACH, May 9.—Rev. R. D. Mather, manager of the Arbormar camp grounds, was in the city Tuesday making arrangements for a board meeting of the directors in the near future, at this place. It is expected that work will begin soon of cleaning up the grounds preparatory for the summer campaign.

It is a question whether the contemplated improvements on the grounds by way of new buildings as planned when the grounds were taken over from the Tent City Company last year will be carried out this year owing to many circumstances surrounding the Methodist program for raising money for other purposes, such as the U. S. C. last fall and the centenary drive at present.

HUNTINGTON BEACH

HUNTINGTON BEACH, May 9.—A reunion was enjoyed by Mr. and Mrs. George Fowler and family, which included their son and family from Hollywood. It was the occasion of Mrs. Fowler's birthday.

Miss Alice Clough of Pasadena was in the city Thursday looking after her pupils in music.

Mr. Dixon, the stage driver to Santa Ana had the misfortune to have his right arm broken while cranking his jitney Tuesday. After having cranked a Ford for seven years it finally got him.

John Rothamel returned Wednesday from Fresno where he has been working on a large ranch for the past three months. The ranch contains 35,000 acres and Rothamel had the job of tending the garden only and raising vegetables for the ranch house.

William Sell of East Hollywood made a brief call in the city Thursday.

The reception to the choir and orchestra of the Methodist church and Sunday school which was to have been held Thursday evening has been postponed till next Thursday evening at 8 o'clock.

TELLS DYSPEPTICS WHAT TO EAT

Avoid Indigestion, Sour Acid Stomach, Heartburn, Gas on Stomach, Etc.

Indigestion and practically all forms of stomach trouble, say medical authorities, are due nine times out of ten to an excess of hydrochloric acid in the stomach. Chronic "acid stomach" is exceedingly dangerous and sufferers should do either one of two things.

Either they can go on a limited and often disagreeable diet, avoiding foods that disagree with them, that irritate the stomach and lead to excess acid secretion or they can eat as they please in reason and make it a practice to counteract the effect of the harmful acid and prevent the formation of gas, sourness or premature fermentation by the use of a little Bisurated Magnesia at their meals.

There is probably no better, safer or more reliable stomach antacid than Bisurated Magnesia and it is widely used for this purpose. It has no direct action on the stomach and is not a digestant. But a teaspoonful of the powder or a couple of five grain tablets taken in a little water with the food will neutralize the excess acidity which may be present and prevent its further formation. This removes the whole cause of the trouble and the meal digests naturally and healthfully without need of pepsin pills or artificial digestants.

Get a few ounces of Bisurated Magnesia from any reliable druggist. Ask for either powder or tablets. It never comes as a liquid, milk or citrate and in the bisurated form is not a laxative. Try this plan and eat what you want at your next meal and see if this isn't the best advice you ever had on "what to eat."

GRUNION PARTY IS HELD BY LEAGUERS

WINTERSBURG AND SMELTZER, May 9.—The Epworth League of the Wintersburg Methodist church held a grunion party at Los Patos last Friday evening. A big bonfire built on the sand formed a center of attraction until the late hour when the school of fish was expected in. A wiener roast was also an important part of the evening's entertainment.

Twenty-five Leaguers were present as follows: Professor and Mrs. Engstrud, Miss Ethel Dwyer, Miss Gertrude Sharratt, Rev. C. M. Ross, George Gothard, Miss Agnes Gothard, Miss Ethel Gothard, Mr. and Mrs. W. F. Slater and family, Miss Ruth Jordan, Mr. and Mrs. George Crane, Miss Mary Crane, Miss Flolele Crane, S. J. Crane, Miss Bonnie Winters, Miss Josephine Winters, Miss Violet Roberson, Miss Ina Clemens, Miss Gladys Thornton, Reuben Clemens, James Maddux.

About 100 grunion and a jolly good time sums up the reward of the pleasant League outing.

LITERATURE SECTION MEETING AT TUSTIN

TUSTIN, May 9.—The monthly meeting of the Tustin Literature Section was held Tuesday afternoon at the home of Mrs. J. P. Hight, the whole membership being present but one.

Responses to the roll call were given in current events and quotations. "Joaquin Miller" was the subject for the afternoon. Some of his poems were read and a good many incidents of his life and that of his family were reviewed.

A committee was appointed to arrange a program for the coming year, and it was decided to hold the annual outing at Newport Beach some time in June.

An enjoyable social time followed the business and dainty refreshments were served. Mrs. O. A. Leiby assisting the hostess in serving. During the social hour a song by Miss Florence Henderson was enjoyed.

Mrs. F. A. Logan was a guest of the club.

IMPORTANT NOTICE TO HOUSEHOLDERS

Persons having spare rooms or beds, and willing to let delegates to the Department Encampment of the G. A. R. and affiliated orders occupy same from May 12 to 16, please report at the Armory, on Birch street, between 1 and 3 p. m.

You are not expected to furnish these rooms free of charge, and you need not furnish meals unless you want to. A great many delegates are expected, and hotel accommodations here are insufficient to meet requirements on this occasion. Please help us.

ENCAMPMENT COMMITTEE.

Lighening the Load

There had been a slight accident in a Pennsylvania coal mine, with the result that Casey was partly buried by a small quantity of earth.

Callahan, the leader of the rescuing party, called down to Casey, "Kape aloive, Casey. We're rescuin' ye."

Whereupon there came from the earth a muffled voice, "Is that big McIntire up there wid ye?"

"Shure he is."

"Thin ask him plaze to step off the rooins. I've enough on top o' me wid-out him."—From Harper's Magazine.

JUNIOR RED CROSS SEWING TO BE DONE

TUSTIN, May 9.—The Tustin Junior Red Cross still has a considerable amount of sewing on hand to be done. Cast-off clothing is to be mended and made into suitable articles to be shipped. All those women who can give the time necessary are requested to help in this work.

Sewers are needed now to make up the material on hand. They may either assemble at the rooms on Thursday afternoon to sew or take the garments home. Mrs. W. B. Risk and Mrs. S. W. Stanley are at the rooms each Thursday afternoon cutting and arranging the sewing.

Contributions of cast-off clothing are still acceptable. All who have articles of this kind can help a good cause by sending them to the rooms in the school house basement.

A number of ladies held a special meeting Wednesday afternoon to engage in the work of tying and finishing comforts, of which there were seven to be completed, both sides of the comforts being pieced.

Since the work of the Junior Red Cross began, Mrs. W. L. Shatto has made fifteen heavy warm quilts from pieces not available for any other purpose.

CYPRESS NEWS NOTES

CYPRESS, May 9.—Lowell Fontz is expected home in a few weeks. He has been in France about a year and a half. He left home in July, 1917. He is with the 11th Engineers of the Rainbow Division. Mrs. Fontz received a telegram from him when he landed in New Jersey.

Dee Holder, who has just arrived home from France, tells of his experiences on the Argonne front. He witnessed many terrible things, one of which was the death of Jesse L. Foster of Garden Grove. Dee was a companion of Jesse's and they were standing close together when Jesse was killed.

A. R. Bradley is cutting his barley hay this week on the Cawthon ranch.

O. P. Bunyard has just finished irrigating his potatoes and is getting ready to plant his beans.

Mrs. M. B. Feagan is still on the sick list with la grippe.

Claude Preston had not been attending school the first of this week on account of sickness. Mr. and Mrs. Preston have purchased a new victrola.

Mrs. C. Henderson expects to go to Indiana to visit her father, in June.

Mrs. H. La Rue was a visitor in Los Angeles this week.

Lawrence Webber was a visitor in Cypress this week.

Mr. Rainier heard from his son George, in France, who said he was well but didn't know when he would be home. Mr. Rainier also got a card from his nephew, that he hadn't heard from for a year. The family had written to many of the war organizations to find some trace of the young man and had about given up hearing from him. Mrs. Rainier took him when a little boy and almost raised him to manhood.

Harry Urbghkeit is on his way to France. He enlisted to go with the thousand that have just started over.

Home-made pies with that light, flaky crust you like, at the Dragon.

WINTERSBURG AND SMELTZER

WESTMINSTER, May 9.—The committee on the Victory Loan drive reports up to Tuesday night \$3,250.

A 12-horsepower engine has been installed on the ranch of Mangold & Daetweiler, which is farmed by Z. Shigaki, a Japanese who has a part of the place planted to different varieties of flowers. The seeds are raised for a brother of Shigaki who lives in Los Angeles.

Miss Florence Knoll went Tuesday night to hear the noted singer, John McCormack, at the Shrine Auditorium, Los Angeles.

Mrs. M. A. Smithling came down from Los Angeles Tuesday to see Mrs. M. E. Rutter, who has been sick with heart trouble and confined to her bed for the past seven weeks.

Mrs. E. P. Baker and little daughter, who have been visiting relatives in Los Angeles, returned Sunday.

Irvine Thompson came down from Pomona Friday on his motorcycle, staying till Sunday afternoon at the home of his brother, H. J. Thompson.

W. J. Edwards was roused about 1 o'clock Friday morning by persons who had turned off the boulevard on the wrong road and in backing, the machine had turned over at the end of a culvert a short distance north of Edward's place. The machine was pulled out the next day. Tracks next morning showed the machine had backed all the way from P. P. McClintock's north drive to the boulevard.

The following persons have had their phones taken out: George Wright, J. J. Pyle, H. Swall, W. B. McCoy, Phil Treney, W. Dean Johnston, and the oil station.

Clarence Rich and two daughters, Mildred and Jewell, Mrs. Edward Wertz, Mrs. Roy Jordan, Mr. and Mrs. Hazen Rich and children of Long Beach visited Mr. and Mrs. L. E. Rich Sunday.

Mrs. E. C. Phelps returned Saturday evening from a ten days' visit with relatives at Pomona and San Dimas.

Judge Copeland of Huntington Beach was a visitor at the school Monday exhibiting a German helmet which will be given to the pupil selling the most Victory bonds, the second prize being a silver dollar.

Miss Lois Smithland of Los Angeles was a week-end visitor of Mrs. H. Penhall. She has recently returned from a visit to Mr. and Mrs. Lee Fogal and their baby son at San Francisco. Mrs. Fogal will be remembered as Miss Helen Linn.

Mrs. Ray Wells and three children have been sick with the influenza the last two weeks. They were able to be out for the first time Wednesday. This is their second siege of the flu.

J. L. Hughes has improved his house by giving it a coat of paint.

Prof. Thomas Hosack and family of La Habra, former school principal here, attended the Presbyterian church here last Sunday.

The little son of Mr. and Mrs. Glenn Warner has the whooping cough.

Mr. and Mrs. Francis Penhall visited relatives in Huntington Beach Sunday.

Merle Parr was quite sick for several days last week with her tonsils, having contracted a cold.

W. J. Edwards and family were guests Sunday at the home of their son, Eugene Edwards, in the Springdale district.

Mrs. Mattie Wilson and children have gone to Huntington Park to visit a week or two.

G. A. Beavers suffered severely with pleurisy last week and was under the

FUTURE BRIGHT FOR LONG BEACH HARBOR

LONG BEACH, May 9.—Vessels engaged in foreign trade will soon be sailing from Long Beach Harbor, according to the announcement of C. F. Van de Water, former president of the Chamber of Commerce and at present chairman of the Foreign Trade Committee of that organization.

The ships that will convey the cargoes from this port into foreign trade channels are expected to make their first appearance here early in the fall, when the waterway now being dug, connecting Long Beach and Los Angeles harbors, will be completed, making one of the largest twin-harbors in the world.

The possibility of an early establishment here of a steamship line connecting this harbor district with Mexican ports is also announced. By this means, early Mexican agricultural crops could be brought up from the southern ports and goods turned out in the local industrial district taken down in return.

MISSIONARY SOCIETY SEWING FOR ORPHANS

TUSTIN, May 9.—A meeting of the W. H. and F. Missionary Society of the Tustin Advent Christian Church was held last Tuesday afternoon at the home of Mrs. W. L. Shatto. The time was spent in sewing, quilting and other needle work.

The societies of this denomination in Southern California are planning to send a box weighing five or six hundred pounds this fall to two orphanages in India. It is in these schools, one of them for girls and the other for boys, that Miss Elba Jones of Tustin is missionary.

Girls Fat Enough, So Pupil's Papa Has No Kick, Declares Judge

CARDIFF, May 8.—A situation worthy of Gilbert & Sullivan's "Trial by Jury" developed here when a girl's class from the Howells Girls' School Llandaff, filed past the jury box in order that judge and jury might judge as to their physical condition.

The case was one in which the father of a pupil sued the governors of the school for damages, alleging that his daughter was not properly fed. The inspection of a class satisfied the court that the majority of the girls seemed to be doing fairly well on the food supplied, and the jury decided against the indignant father.

care of a physician.

W. J. Edwards and family and Wilbur Byram were among those who attended the Farm Bureau picnic at the county park Saturday.

H. B. Anderson and family motored to Greenville Sunday afternoon, where they visited friends.

Mrs. Fred Tisdall and son Jack returned Saturday to her home in Las Vegas, Nev., after a few days' visit with her mother, Mrs. H. Swall.

G. A. Beavers suffered severely with pleurisy last week and was under the

STRAWBERRIES—the right quality at the right price.

The Fact is

Over half the truck Tonnage of America is carried on Firestone TIRES

THERE are good reasons for Firestone Truck Tires carrying more than half America's truck tonnage.

Look at the trucks in this city that are mounted on Firestone Tires.

You'll find that they run faster, have fewer accidents, stand up better with less repairs, are operating with the lowest possible quantity of gasoline.

Our own service here in the city co-operates with Firestone policy. Our tire presses, with power equal to many tons pressure, and our other machinery make it easy for us to change truck tires quickly.

And you know that the paying truck is the truck in the streets hauling your goods. When a truck's laid up a day for tire change, you lose far more than the cost of the change. Let us reduce tire-change time to the fewest possible minutes.

Announcement Extraordinary!

On and after May 19th—our VERY BEST COFFEE will be 40c. Our GOOD COFFEE, 35c.

We have fought this for months and have saved consumers thousands of dollars, and we regret to say that the market has doubled on the cost of green coffee, until now a fine grade of green coffee costs nearly 30c, and as coffee loses about one sixth in roasting, the Best Coffee costs over 35c.

Our small expense in selling consumer direct without cans, middlemen, solicitors or delivery, allows us to still sell VERY BEST at 40c and GOOD at 35c. So considering other food items, COFFEE is still CHEAP.

We do also want to explain in this connection, that in dealing with this firm, you are buying from Real Coffee People, who do not act as agent for some jobber and sell what he won't use. We deal only with consumer, and give him coffee to bring him back.

COFFEE ROASTED EVERY DAY AND GUARANTEED. MAKE THIS BIG SAVING IN COFFEE.

Name Precinct Officers For Harbor Bond Election

"Bonds Yes" or "Bonds No" Important Question to Be Ballotted on June 10; \$500,000 Issue Provides For River Diversion, Jetty Extension, Dredging, Dock, Warehouse, and Railroad Spur at Harbor.

Election officers to serve at the special harbor bond balloting on Tuesday, June 10, have been named in a proclamation of the supervisors, which also names the polling places in each precinct and provides for the consolidation of city precincts in order to reduce the cost of the election. An inspector, two judges, and a clerk are appointed in each of the fifty-eight bond election precincts.

The proclamation reviews the legal steps necessary to calling of the election, including passage of an act providing for making a county a harbor harbor commission and the filing of its report after due diligence in having surveys made of the harbor at Newport and a complete investigation of the benefits to be derived from harbor improvements.

The plans and systems to be employed in the development and protection of Newport Harbor under the proposed county bond issue, says the proclamation, shall consist of the following work:

What Bond Money is to Do
"I. Extending the existing jetty at the entrance to Newport Bay about two hundred feet to a depth of twenty-two feet below mean lower low water, the elevation when finished to be ten feet above mean lower low water, and the top width thereof to be ten feet, said extension to be constructed of rubble stone of suitable quality not liable to disintegrate and of random sizes, weighing from one pound to six tons or upward.

"II. Dredging or excavating a new channel for the Santa Ana river through the sand spit at or near the southerly end of the existing dikes of the Newport Protection District, and the building of two jetties at the mouth of said proposed new channel of the Santa Ana river, said jetties to be of stone and to be about six hundred feet long, extending seaward to a depth of about twelve feet below mean lower low water. The banks of the channel of the new mouth of the Santa Ana river, from the jetties to the north line of the Southern Pacific railroad right of way, to be rivetted to an elevation of from ten to fourteen feet above mean lower low water. The top elevation of the jetties to be about ten feet above mean lower low water, and the top width ten feet.

"III. The building of a rock and earth dam at what is known as Bitter Point across the narrows of the Santa Ana river. This dam to have a top elevation of twelve feet, a top width of fifteen feet, and a top length of about three hundred feet.

"IV. Dredging certain channels in and at the entrance of Newport Bay and disposing of said dredged material. The areas to be dredged constitute a channel three hundred feet wide and twenty feet deep, through the entrance to Newport Bay, a taper section twenty feet deep, about twelve hundred and fifty feet long, varying from three hundred feet to one hundred fifty feet in width; a channel about fourteen thousand two hundred and fifty feet long, sixteen feet deep, and one hundred and fifty feet wide, and turning basin, at the county wharf, fifteen hundred feet long, twenty feet deep, and four hundred feet wide; all depths are referred to the plane of mean lower low water.

"V. Building a wharf, five hundred feet in length and sixty feet in width, to be located at the head of the channel of the inner harbor.

"VI. A warehouse fifty feet wide by one hundred fifty feet in length to be built on or adjacent to the said wharf.

"VII. A standard gauge railroad track to be built from, and connecting with the Newport branch of the Southern Pacific railroad, to and along the proposed wharf."

Bear Interest of 5 Per Cent
The harbor bonds shall bear interest at the rate of 5 per cent per annum, and shall be retired at the rate of \$20,000 per year, the entire issue to be retired within 26 years. The polls shall be open for this election on June 10 from 6 a. m. to 7 p. m.

The precincts, polling places, and election officers for the election are named by the Supervisors' proclamation, as follows:

City of Anaheim
Bond Election Precinct No. 1 comprises general election precincts Nos. 1, 2, 3 and 4 of said city of Anaheim. Polling place, high school building. Inspector, Fred B. Kern. Judges, Roger

The First Week of the Big Spring Clearance Sale Furniture, Carpets, Rugs, Linoleum and Draperies Brought Crowds of Satisfied Customers

In fact, the response really exceeds all our previous sales of this character. Particular and thrifty people will quickly see the advantage of buying such reliable goods at such generous discounts—especially in the face of constantly rising markets on all household necessities. We ask however, a little patience on the part of our patrons regarding deliveries. The capacity of our entire force is being taxed to the limit—but we are striving to extend as nearly as possible our usual prompt and satisfactory service. Remember: Discounts during this sale are from ten to fifty per cent!

**Made by the Largest Rug Factory
in America and the Standard of
Quality in Rugs For One
Hundred Years**

Rugs which are often referred to as the "American Orientals." Their famous designs being facsimile reproductions of the finest examples of Antique Persian and Turkish Rugs.

We recognized early the exceptional qualities of these rugs and the soundness of our judgment is proven by the fact that concerning the many of them that we have sold in past years we have yet to record a serious complaint.

Big Linoleum Values

We have a large stock of Linoleum both in printed and inlaid that we are selling at reduced prices during this sale.

Printed Congoleum, 2 yards wide, at 69c per yard. All printed Linoleum at a discount.

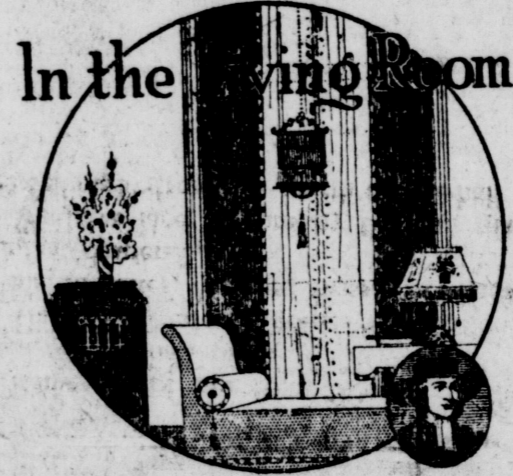

Regular \$1.75 Inlaid Linoleum at \$1.35 per yard

Regular \$2.25 Inlaid Linoleum at \$1.75 per yard

Regular \$3.00 Inlaid Linoleum at \$2.45 per yard

To those who are building new homes and who will want new furnishings later, we will set their purchases aside until they wish them delivered. No storage charges.

Big Reductions in Our Drapery Department

Remnants of net from 30c to \$1.25 per yard, at one-half price.

This sale includes all grades of bungalow nets—Marquesettes, Madras, Swiss, Cretonnes and Sunfast draperies.

We have lace curtains by the pair that we are selling at from one-fourth to one-half off.

9x12 Velvet Rug in a variety of patterns—shades of brown, tan and green—a red hot number. Regular value \$40.00. Special Sale price \$27.50.

Every rug in the house has been reduced for this sale.

Handsome Carpet Samples

We have a few specially nice patterns 27x27 in. in Body Brussels and Wiltons—your choice for this sale 95c.

Everything in this store is marked in plain figures both the regular and sale prices—you can easily figure your savings.

United States tires are the best
tires. Royal Cords are not an experiment but a proven fact. Sold by Jack Olivari, southeast corner First and Main. Guaranteed vulcanizing and retreading.

LEMON JUICE

FOR FRECKLES

Girls! Make beauty lotion for a few cents—Try It!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quart pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and rosy-white the skin becomes. Yes! It is harmless and never irritates.—Adv.

FARM CENTERS PLAN TO GET WINDBREAKS

The Chino Farm Bureau and the Ontario Farm Center will make war on the high winds which sweep down from Cañon Pass across the eastern and southern country, kicking up great clouds of dust and carrying the soil down into the neighboring country. Windbreaks will again be in style by the campaign which the farm center members are starting, and a determined effort will be made to plant trees in a systematic manner.

Along the highway in the Etiwanda district the unpleasantness resulting from the northerly has been satisfactorily checked and auto travelers along that road have noticed a big difference since the trees planted north of the highway have grown up. Except for the portion of the road between Fontana and Rialto, the Font-hill boulevard is more comfortable to travel during a wind storm than the lower road.

By the plan now being worked out by the Chino and Ontario Farm centers, the farms south of Ontario will be bordered with trees in an effort to break the force of the winds and keep the soil at home. The trees will not carry away the electrical atmosphere of the winds, but will lessen the force of the gales.

A similar planting of trees along the state highway between Wineville and Ontario has been suggested by the Riverside supervisors, but the matter must be taken up with the state highway commission and so far no steps have been taken in the matter. A windbreak along that district would help considerably when the wind is sweeping its walls of sand from the north.

Use Cuticura Soap To Clear Your Skin

All druggists, Ross W. O'Connell 54 & 55 Taylor St. Sample each free of "Cuticura, Soap & Cream."
